The President's Bark

The NAHRA pipeline of information has always amazed me. Current scuttle-butt can be dropped into the member information pipeline, and in a matter of hours it reaches the most remote regions of the NAHRA world. Unfortunately this cryptic messaging service often lends to rumors and ultimately triggers a barrage of phone calls to the NAHRA office. I received a call from Nancy at the NAHRA office informing me that several people had contacted her, asking about new NAHRA regions. As most of you are aware I have been working with the NAHRA regional liaisons through Dave Cannings to improve communication between members and

NAHRA. One of the improvements is to realign regions based on past history and current NAHRA activity. This realignment will begin immediately to allow ample time for election of liaisons, to facilitate and plan regional events for 2001. The final administrative implementation by NAHRA will become effective January 1, 2001.

The 2000 RAW/NAHRA Invitational held in Edmonton, Alberta, Canada was a great success. Thanks to Dave Cannings, Randy Treasure, members of the Alberta Clipper HRC and NAHRA members from the Pacific Northwest. This year's Invitational was rated one of the best ever by those who attended. Daily updates, complete with photos and test drawings were posted on the NAHRA website and Working Retriever Central. Invitational judges, Ron Samuels, Bonnie Moothart and Bob Clark, presented challenging tests with realistic hunting scenarios. The 2001 Invitational will be held near Des Moines, Iowa, and open to all dogs that meet the qualifying criteria by April 30th, 2001.

Many of you have seen the new Regional Field Test hats

with the PetSafe endorsement on the back. Radio Systems, PetSafe division is sponsoring regional and national NAHRA events this year. PetSafe manufactures pet containment systems and a wide variety of electronic training devices distributed by K-Mart, PetSmart, Cabellas and others.

One of our new clubs this year, the Colorado Hunting Retrievers, held their first NAHRA test in the North Front Range of Colorado, north of Denver. Entries came from all over the country with a final count of over 160 dogs, which is believed to be the largest event in the region this year.

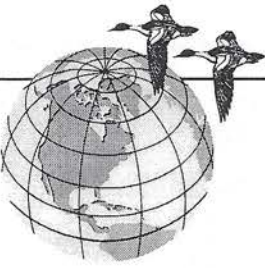

Sandy Walker and the new Southern Maryland Hunting Retriever Club also had a successful first event. 170 dogs participated in a double Started and Intermediate Field Test. Most of the participants were new to NAHRA testing, had a great time and joined NAHRA.

Congratulations guys, thanks for all your efforts.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Jack Jagoda'. The signature is fluid and cursive, with a large 'J' and 'J'.

Jack Jagoda

From the corner of the
International Liaison

Fellow Members

I write to you with the R.A.W. 2000 as a memory. It was a very enjoyable event. A week of fun and good dog work was experienced by all. I would like to take this opportunity to thank the organizing committee of the Alberta Clipper Hunting Retriever Association and all the volunteers for a memorable event. A special acknowledgment goes out to the three judges (Ron Samuels, Bonnie Moothart, Bob Clark) who set up fair but challenging tests.

I am pleased to announce the site for the 2001 Richard A. Wolters Invitational will be held in the Midwest Region near Bondurant, IA. Bonnie Moothart and Sandy Zandlo are doing the honors of co-chairing the upcoming event.

Now that my responsibilities have come to a close with regards to chairing the R.A.W 2000, I can focus my attention back on the tasks at hand with the National organization. With the help and support of Jack Jagoda I am pleased to announce two significant changes that will help us move forward as a National organization. In summary the two changes are as follows. First and foremost, effective immediately there is a regional realignment affecting three existing regions and adding two additional regions within the national system. The three regions affected are Southeast, Midwest, South Central; the two new regions added are West Central, Mid Atlantic. Second to this and also effective immediately will be the implementation of a democratic selection process for regional liaisons with all 11 regions within the national organization. A letter has been sent out to all Regional Liaisons explaining in detail the changes that have been explained in summary. Please contact your club president to acquire specific details regarding the two changes.

I am also pleased to announce a scheduled meeting of all Regional Liaisons and myself to be held in Owatonna, Minnesota Nov. 18th and 19th 2000. The purpose of this meeting is to establish communication regarding regional , Club, and membership concerns within the National organization. It is important that if you have a concern or an issue you would like discussed to notify your club president who will in turn pass the information on to the regional Liaison from your region. I will be collecting all inquires from the 11 regional liaisons by mid-October to establish an agenda for the task force meeting. I look forward to your input and will distribute a summary of issues discussed at the close of the meeting.

Yours sincerely,

Dave Cannings

AN INVITATIONAL EXPERIENCE...

Thanks to the very special people in the Alberta Clipper HRA and the RAW 2000 Chairman, Dave Cannings & his crew, I have just completed the most memorable and inspiring and enjoyable NAHRA experience that I have ever had, bar none, (and I have had some GREAT experiences with NAHRA!) Their group got behind Dave from the beginning and put together a most memorable event that was certainly befitting a national showcase. Surrounding the finely tuned testing setup, was a set of "extra curricular events" hosted by the warm & genial folks of ACHRA who created a village of camper trailers near the grounds where one could always retreat for a cold drink, a rousing conversation, or a meal if you were hungry! We were also treated to nightly feasts including a banquet & kick-off raffle and auction at historical Fort Edmonton, a Buffalo burger feed, a roast beef dinner put on by the Wild Rose HRA of Calgary, and a pig roast—complete with entertainment including music, bands, dog contests (will your dog deliver a hot dog to hand???) And we were led into the first day's test field by a Scotsman in traditional kilt playing bagpipes!

Have you ever been entertained by a judge at a NAHRA test? I cannot say that I have before now! My co-judges were Ron Samuels of Jetersville, Virginia, and Edmonton's own Bob Clark — a stand up comedian in his own right. While Ron & Bob and I meshed very well in our philosophies and commitment to uphold (without exceeding) the standard, we also enjoyed fun and laughter with the handlers and the gallery, thanks to Bob's never ending hilarity and Ron's warm and congenial sidekick nature.

The tests began on Monday, June 3, a clear day of spring like warmth, with a land triple and blind for 47 dogs. The handlers, committee, judges, and NAHRA's President, Jack Jagoda were escorted into the field by the Scotsman & his bagpipes, giving the moment a very grand and lofty air! The walk up triple was delayed, with the dog looking at another bird falling on his way back from his first retrieve. Dozens of snow geese decoys were scattered over the area, Alberta style, and the dogs handled the challenge with great skill for the most part. The line to the 90 yard blind was down a side hill, between two large bales of hay, up another side hill to a point a scarce 20 yards away from the go bird of the triple. Several dogs in the pack lined that blind!

Tuesday July 4 found rain and a

threatening sky that got us a little bit wet, but miraculously moved around us. The upland series were the mode of the day, beginning with a 60 yard trail around the edge of a pond. The trail held up for over 30 of the 42 dogs, before needing to be refreshed. ALL the dogs had great success on the trail, adding up to happy handlers!

After a morning of trailing, the handlers were treated to an Iowa-style pheasant hunt, where the funny looking little gray pheasants (that looked strangely like pigeons) ALWAYS eluded the shot, and flew away! All the dogs quartered adequately, and NOT ONE BROKE. Wow. Tuesday evening found us back at the camp enjoying a feast under the tents, and rain forced postponement of the fireworks ACHRA had procured for the enjoyment of the Americans who were forgetting it was the 4th of July—all bundled up in our flannel shirts and sweatshirts and raincoats!!

Wednesday morning broke rainy but non-threatening, so the water series began on time. It was a wonderful duck hunt set up, with a blind for the handler to hide in, with Fido sitting in front. The first duck downed came from behind, out of nowhere, seemingly, with a lot of quacking and shooting. The second fell 15 yards off a beaver hut behind some sparse dead trees, and the third was picked off as it tried to fly away—and landed about 80 yards back at the end of the pond, in a bay surrounded by water grasses. The blind was also at the back of the pond, between the 2nd and 3rd marks. Slightly over half the field completed the water tests before we broke for the evening entertainment — a wonderful roast beef feast catered by the Wild Rose HRA of Calgary. Some fun and silly dog races were the hilarious entertainment, and the postponed fireworks brightened the night sky for the stalwarts who stayed up late enough for it to finally get dark enough. (Does it EVER get dark in Alberta??)

Thursday morning dawned clear and warm, and a bit more still than Wednesday, so the remaining dogs had less wind help on that beaver hut mark. Judge Bob Clark had the gallery loose and laughin' with his notorious duck hunter pantomime! I can't explain it—You will have to ask someone who was there!! (Are you wishin' that you had been???) A total of 42 dogs ran the test, with 30 completing with qualifying scores.

The Thursday evening pig roast was wonderful, complete with a band for

music and dancing, but the highlight was, of course, the RIBBON CEREMONY, where the judges' results were first made public. The emotion of that ceremony was incredible. Amid whoops of pride and happiness from successful and sometimes surprised handlers, thunderous applause from everyone in attendance, and teary, laughing testimonials from the judges—emerged a kinship forged as a result of our incredible week together.

We left that tent crying happy tears, hugging, promising to stay in touch, signing ribbons and catalogs, posing for photos & just generally thrilled to have been part of the week — handlers and judges alike. Well, you missed a GRAND time if you weren't there.

Ralph Luedtke had the results posted the next morning on the RAW 2000 website (accessible from the NAHRA website)! My hat is off to Ralph for keeping the website updated every day during the test, in order that our friends and absent owners could keep track of what was happening.

So what about RAW 2001? I am pleased to announce that plans are being made to hold it in Iowa (near Des Moines) the second week of June 2001! The Midwest Region family of NAHRA folks has its work cut out — topping the Alberta experience will be largely impossible, but we are committed to make it a memorable experience as well. Ideas are flowing & volunteers are lining up. Watch the NAHRA News and the web site for more information!

News From the Southwest...

By the time you read this, the Southwest region will be starting their round of fall test dates and eagerly beginning our hunting season. We had our usual long, dry stretch this summer of no NAHRA field tests. The last SW NAHRA test was at the beginning of April. We will start off the fall season with a test at the beginning of September. That left five months for us members to recover and to get our dogs in shape for hunting and the next round of field tests in the fall.

Recover is the right word, in 10 weekends 8 clubs hosted licensed field tests, most of them all doubles. So, now we have those 5 months to replenish our checking accounts, get our dogs ready for the next level and tune up our vehicles to hit the road for the fall round of tests. The fall field test season sounds like it may be easier on all of us, only 6 tests in 13 weekends, but when we add in hunting season, the weekends are all taken up.

We have two field test seasons in the Southwest Region, early spring and fall. This spring found us especially busy as we have two new clubs who hosted their first field tests. In the last issue of the NAHRA NEWS, one of our new clubs, Las Vegas HRC, wrote a great article about hosting their first NAHRA licensed field test. We have another new club in our region who also hosted their first field test, Kern Retriever Club.

Kern RC kicked off our spring field test season hosting their test at two adjoining duck clubs outside of Bakersfield, CA. Kern put on a very well organized event with a fun filled dinner on Saturday night. The highlight to many at this test was the great hot and fresh BBQ lunches served to the judges and workers. They had handlers volunteering to work so they could get the great meal. Kern said many thanks to Central Coast HRC for helping them out at their first test. Central Coast loaned Kern their fully stocked equipment trailer and gave them lots of advice and a helping hand along the way.

The 2000 Southwest Regional was hosted in early March by Delta Islands HRC at Los Banos Wildlife Area, outside of Los Banos, CA. The theme of the test was that this was a celebration of great dogs and handlers. The judges did a great job of setting up fair tests that were enjoyed by dogs, judges and handlers alike. Everyone had a great time at the awards banquet on Saturday night; enough food, raffle items and laughs. Following is a list of those who qualified at the 2000 SW Regional. Congratulations qualifiers!

Dogtra 250 Whether a hunter, a companion dog owner or obedience dog competitor, this collar is perfect for those who want a small inconspicuous transmitter. Has the same operating features as the

Dogtra 500, except the transmitter is much smaller. It comes with a lanyard instead of a belt clip and the range is one-half mile instead of a mile. Waterproof collar. 60 levels of digital intensity at the transmitter.

ITEM #	PRICE
27000	\$289.99

Dogtra 500 With only 2 buttons on the transmitter, this collar is very easy to use. The "Nick" button gives you unsurpassed training finesse, & the "constant" button gives you the stopping power.

"Nick" turns off after a single pulse. "Constant" stays on as long as you hold the button, up to 8 seconds. 1 mile range. Waterproof collar. 60 levels of digital intensity on the transmitter. 2 dog model allows convenient control of two dogs from the transmitter. It comes with two color coded colors that are activated by the hand held transmitter. The position of a color coded switch on the transmitter determines which collar is activated.

ITEM #		PRICE
27001	1 dog	\$319.99
27002	2 dog	\$459.99

Dogtra 500P

Same size & features as Dogtra 500, plus additional "Pager" feature. This allows you to choose electronic stimulation, pager, or both combined.

When the "Pager" mode is selected pushing the "constant" button will cause the collar to vibrate like a phone pager. The "nick" button will work even when the pager mode is selected. This allows you to reinforce a command should the dog disregard the pager. Pager is useful for a silent range control command and as an attention getter for hearing impaired dogs. 2 dog model allows convenient control of two dogs from the transmitter. It comes with two color-coded collars. A color coded switch on the hand held transmitter determines which collar is activated.

ITEM #		PRICE
27003	1 dog	\$374.99
27004	2 dog	\$509.99

NEWS FROM THE NORTHWEST...

It was a very proud moment for one of our long time members and founders of the ACHRA group. Not only was it a proud moment for Dave Cannings and Southwoods Day Raider "Raider", it was also a proud moment for Canada. Raider is the first Canadian owned dog to achieve the NAHRA 1000 point award. Dave and Raider achieved this goal on June 10th at the local ACHRA test. This team was awarded a collage of memorabilia from the ACHRA association. Congratulations on your achievement.

I also want to congratulate Tim Lockard and Jessie from Suquamish WA. Tim writes as if he is still on the bottom of the ocean in his submarine but I think he is bragging about Jessie receiving her Senior Hunter title in AKC. I know it takes a lot of work and dedication to achieve these accomplishments, so once again Tim congratulations on receiving your title.

The RAW is history for the year 2000, I think some of the organizers and volunteer-staff are still trying to catch up on lost sleep. Regardless of their condition they all did a very commendable job.

The test were run on virgin land, no test or training had ever been run at this location. This location is so versatile you could run tests on these grounds for several years and still be able to set up tests that would provide new concepts for dog and handler.

The judges were very polite and courteous, well except for one individual, not mentioning any names. Bob contained himself very well for about a day and a half and then began to harass one of the local handlers who seemed to be the fall guy for the rowdiness of the rest of the gallery. When there was a lull in the proceedings Bob entertained the gallery with some of his wit and wisdom.

Bonnie and Ron, it was a pleasure to have you judge this event, I'm sure you were still laughing and talking to yourselves on the way home. I must give both of you credit for controlling Bob and keeping the proceedings on track, thanks again it was a pleasure to have Bonnie, Ron and Bob judge the RAW 2000.

It was interesting to note that the President Jack isn't any different than the rest of us. When a discussion gets started he adds his five cents worth and drags the discussion on into the wee hours of the night and when we were about to resolve the situation he suddenly became tired and went to bed. His excuse; he had to cook pancakes in the morning.

There were different venues for each night of the RAW to entertain and feed the handlers, bird boys and guests. One of the features that need a comment is the fine job Brian and Jackie Ness did with the barbecue sponsored by the WRHRA. The food was excellent and the pies Jackie baked were out of this world. Thanks again for a job well done.

The Wild Rose Hunting Retriever Club hosted the Northwest Regional; everything went off without a hitch except for the weather. The rain was coming at the handlers and dogs sideways. Congratulations go out to the successful dog and handler teams and to those who weren't successful.

I am of the opinion that if you qualified or didn't, everyone must have learned something. If you were successful you and your dog must have understood the concepts of the test the judges set up for you. Therefore you have learned your training lessons well and practiced what you have learned, which produces results.

If you weren't successful, you also learned some valuable lessons. You now know where you are weak and need to do some more training for the concepts that you were tested on.

If I can give some advice, and this is not only for the Regional entrants, but also to every team that goes to the line to be tested. Make notes of the conditions, weather and land, what was expected and what you and your dog actually did in the test, what made you successful or not. Also make a sketch of the tests and figure out what the judges were looking for. Ask the judges what they expect. Keep copies of all the tests your team runs and review and practice the test setups so your team will be familiar with many test concepts.

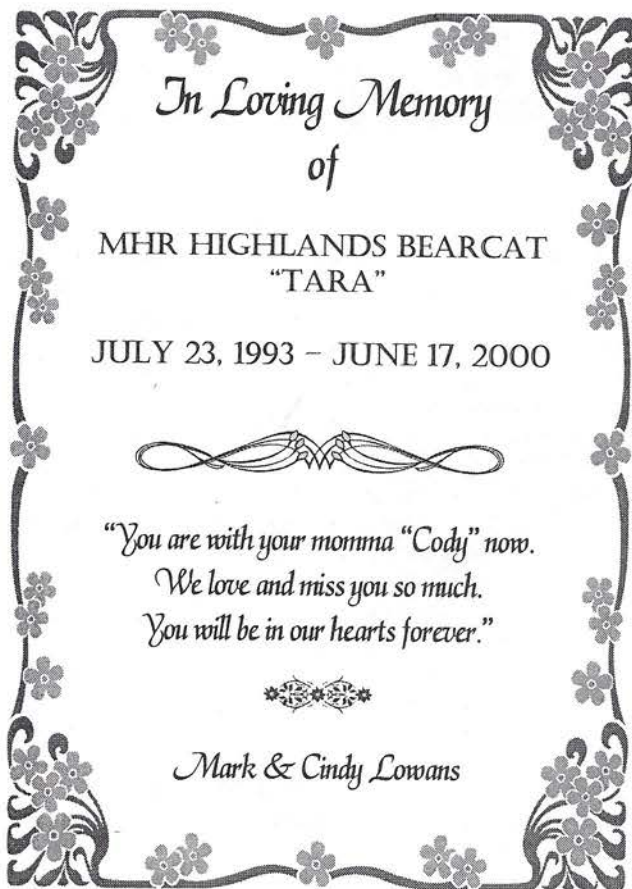

The ACHRA and Wild Rose Field Trial Association had a joint test in June. Both clubs shared the available test sites provided by TransAlta Utilities. Each group shared the Headquarters Site and socialized under the big top. I believe this is the first for such an event and even some burned out Field trialers might even take up the NAHRA game.

I have received some of the Bird Dog club's newsletters and I found them to be very interesting. One in particular was from the Spokane Bird Dog Association. They have developed a program which gets their members involved in training and participating in several events, including their Field Trails.

When the members attend the calendar of events and tests they receive points for their efforts. At year-end the annual meeting is held, there is a banquet, election of officers and awards to the top point person in each category. This is a brief introduction of what one club is doing and food for thought for those who would like to get something going in your club.

Once again thanks to the staff in the NAHRA office "You Make It Happen".

Gary Willis
Northwest Regional Liaison

NOTICE TO ALL MEMBERS & CLUBS

*The mailing address for NAHRA has been changed for over a year now, new forms have been issued; however some of the old forms are still being used. This has caused many problems for all concerned. Not only is the post office returning **everything** sent to the old address, but old forms do not have correct membership information. Please, purge your supplies of all paperwork with the old address and membership forms which indicate third class mailing as an option, and replace them with the new forms. If you need additional copies, they can be downloaded from the NAHRA web site at www.nahra.org or please contact Nancy at (540) 286-0625 or e-mail at nahra@juno.com. The correct address is:*

PO Box 5159

Fredericksburg, VA 22403

All correspondences, memberships and field test paperwork should be mailed to the above address.

Thank you for your cooperation.

Field Test Results continued on page 18.

From the North East Region...

On May 6th & 7th, 2000 The Navesink River Hunting Retriever Club hosted the Northeast Regional and NAHRA Licensed Field Tests. The tests were held at Colliers Mills Wildlife Management area in the beautiful pine lands of New Jersey. Except for being a little too warm we had perfect weather for running dogs.

In our region we also allow the qualifying senior dogs to run in the Regional for a red, white and blue ribbon. So we had the three events going on at the same time. (Started, Intermediate and Senior). No small feat for our club, for in the history of our club we have never had more than two events running at the same time. Our fears were short lived as the NRHRC members pitched in and did what they had to do to make things run smooth from beginning to end.

The judges also helped to make things run smooth. They were not demanding at all. The tests were set up with the most efficient use of workers in mind and they were always cheerful and friendly. Because we had so many club members qualified to enter the Regional this year and a lot of the judges in the Northeast were qualified, we decided to go outside the region for our judges. Except for Sue Stephens, all of the judges came from the southeast Region and it paid off, for they brought the southern hospitality with them, making the events more enjoyable. Herb Bittner and Kevin McLaren were the Senior judges. Trish Jagoda and Nunzio Litterio were the Regional Intermediate judges and the Started judges for the Licensed Field Test. The two Regional Liaisons, Sue Stephens and Jim Vandergiessen were paired for the Regional Started and the Intermediate Licensed Field Test. Thank you judges for a job well done and for over extending yourselves. Jim Vandergiessen was late for picking up a horse; but never hurried his test. Kevin McLaren had a litter of puppies born while judging; but never rushed anyone. Trish Jagoda and Nunzio Litterio stayed after all the events were finished and Trish conducted a "force fetching" clinic for some of the NRHRC members.

Nine of the thirteen regional Started dogs were our own club members, as were two of the five Intermediate dogs. Nine of the thirteen Senior dogs were club members. Thank you club members for supporting your club. Thank you to Paul Gale from Rhode Island, Joe Howard from Ohio, Ed Spencer & Shawn Matla from New York, Jeff Riebling & Ken Klahr from Pennsylvania, and Fred Brown from New Hampshire

for supporting our club. Ken Klahr had the distinction of qualifying to run in all three events in one year and to pass all three taking home three red, white and blue ribbons.

Northern Piedmont HRC will be hosting the Regional next year. Like the Navesink Club they also have dedicated hard working members. I am sure they will be putting on an event next year as good as we did this year. I know I am looking forward to going. See you there!

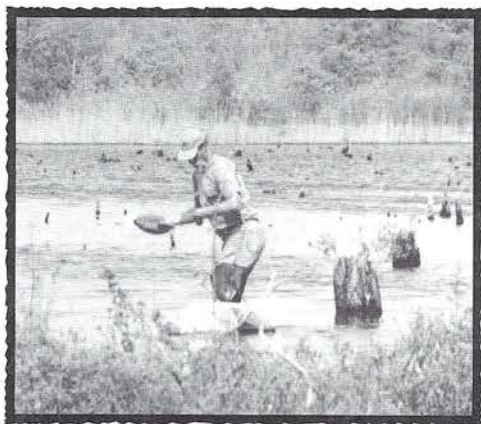

Fred Bodine
President NRHRC

Fred Brown with 'Manu' ready to run the land series.

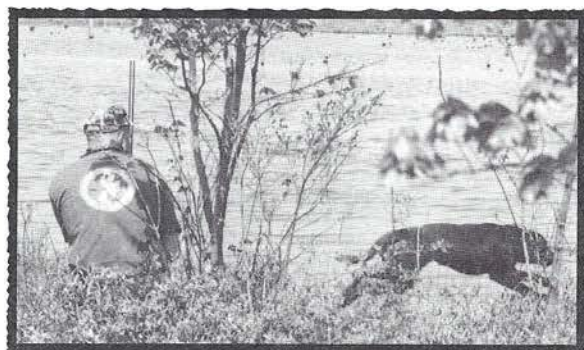

NRHRC's proud workers, George Wood, Mike Wargo, Cookie VanArsdale, and Vaughn Johnson preparing to set up the land series.

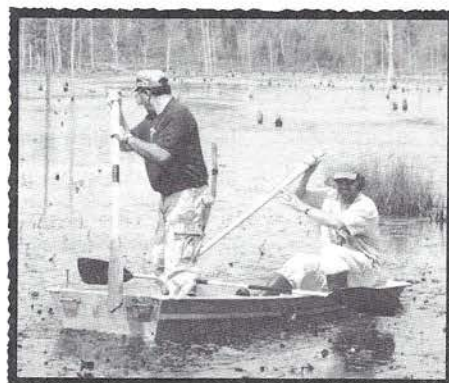

Keith Omslear setting decoys for the water series.

'Raven' delivering the prize to handler, Karen Deman.

Dave Weidner sending Storm on the first mark of a double retrieve.

Sal Garofalo and Tom Rooney, gunners for the water series, heading out to the gun station.

Handler, Jeff Riebling and Buster, marking the first bird of the water triple.

Monica Oswald with 'Cocoa' in the holding, waiting to run the land series.

Judges, Sue Stephens & Jim Vandergiessen with some of the Regional Started qualifiers. (from left to right): Keith Omslear & Chance; Bob Oswald w/ Cody & Jake; Eric Engard & Star; Ken Klahr & Hunter; Joe Howard & Callie; Paul Gale & Jake; Peter Cherasia & Rebel.

If All Else Fails...

My dad was a tinkerer. I remember one day when he opened a device that needed assembly--and there was a fancy bordered note included in the box that said: "If All Else Fails, Read the Directions." We chuckled, and Dad stapled it onto the wall in his machine shop. He was the sort of classic male for whom the saying "Real Men Don't Ask Directions" was coined. It seemed he was born just KNOWING how things worked and how they went together. (How I wish he was still alive to share retriever training with Doug & me. Sigh.)

You are clever enough to know where this is going....Yep, whether you are a new handler, an old pro, or a judge (for heaven's sake) you need to have read the NAHRA rulebook! Judges have an obligation to know the rules for the stake they are judging frontwards and backwards, but sometimes they slip up, unfortunately. Handlers--you have the right to have a test presented to you that is within the rules. If something isn't right, say so. Also, as handlers, reading the rulebook will help you to PREPARE adequately for the test, and to have a better understanding of what will keep you and King from getting dropped. So many of your questions can be answered quickly and definitively! There are just too many reasons why we should all review the rulebook each time we run or judge a test. If you need one just contact your regional liaison or the NAHRA office. REAL MEN (& WOMEN) KNOW THE RULES....don'tcha know.

From the Northeast...

SRVRC Saco River Valley Retriever Club Maine

It was a huge success!

Our first annual NAHRA Field test held on June 17, 2000 came off without a hitch. We had a great location, accomplished judges, dedicated club members and volunteers, willing participants, good food, lots of fun, and good fellowship.

I'd like to express my sincere appreciation and thanks to all of the SRVRC members and sponsors that helped make this day possible.

Congratulations to all of you that qualified. Your supportive and positive e-mails, notes, and phone calls are greatly appreciated by me and the SRVRC club members.

We are busy working on next year's event and look forward to seeing you then.

Regards,
Jack Kenney
President, SRVRC

The Saco River Valley Retriever Club held its first licensed field test on June 17, 2000 in Brownfield, Maine.

Not being quite sure what to write for this article, I spent some time reflecting on the different tests I have had the opportunity to participate in, and have often asked myself, "what are the ingredients necessary for a successful NAHRA field test (besides having dogs qualify)?"

The day started out as the hottest of the year with temperatures quickly climbing into the 80's. It was sweltering until late morning when a fast moving, severe thunderstorm front rolled in, delaying testing for approximately one hour due to safety considerations. The rains quickly cooled things off for the dogs, judges and participants, and the rest of the day was picture perfect.

Our test was held at the Brownfield Bog Wildlife Management Area, a pristine, 5,624 acre parcel managed by the Dept. of Inland Fisheries & Wildlife. This parcel consists of mature upland forest, rivers, open water wetlands, fields, and flooded timber. The habitat supports large (deer, bear & moose), and small (beaver, muskrat, & mink) game, as well as woodcock, ruffed

grouse, and snowshoe hare. Of most importance to the readers however, is that the "bog", offers some of the best waterfowl hunting in southern Maine. Everything in the Eastern Flyway has stopped by the "bog".

We were fortunate to have some of the best judges available for our test. All the judges had a wealth of experience running their own dogs as well as being avid waterfowl hunters. Bill Armstrong, and Steve Hakala judged the Started entries. The two land marks were dumped into some nice cover, and the three water marks had it all...current, distance, banks, and cover. 29 dogs ran and 18 qualified. Wesley Reed and Pete Lamere judged the Intermediate entries. The land double featured a live flyer, natural obstacles, and cover, and the water double featured another live flyer and two water entries from a Jon boat. Watching dogs quarter a field loaded with natural scent was truly enjoyable. 12 dogs ran and 6 qualified. Both the Started and the Intermediate tests were challenging, yet fair, in tough cover, and surreal hunting conditions.

We had a very good turnout of family, friends, and club supporters who volunteered throughout the day handling wingers, guns, boats, marshalling, and preparing the evening supper. We couldn't have done it without their efforts!

A special thanks to Granite State (NH), and Yankee Waterfowlers (CT) clubs for the use of their equipment, as well as their expertise in helping us with our first NAHRA event. Thank you to all the participants (and their owners who drove them), who traveled from PA, NY, RI, VT, NH, ME, MA, Ontario, and Nova Scotia, Canada!

Our sponsors and supporters deserve recognition for their assistance with our event as well. Blue Seal Feeds, Limerick Mills Animal Hospital, Pegs Pals & Pets, The Kennel Shop, Home Depot, Dunkin' Donuts, Woodland Acres Campground, as well as SRVRC club members.

The days' events concluded with a ham supper, award ceremony, raffle (why do the judges always win?), and good conversation with old and new friends. The talk invariably returns to the dogs of course, and we couldn't think of a better way to thank them enough than to plan for and hold another NAHRA test next year. So mark your calendars, and plan to attend the second annual Saco River Valley Retriever Club/NAHRA field Test to be held in Maine...the way life should be.

Michael Berube
SRVRC

Chelsea's First Retrieve

Chelsea left us last August. She was the senior member of my second generation of Labradors – a Fox-Red (yellow) dog with a weak pedigree and marginal confirmation. I never should have bought that dog, but I had just lost a lab, and had a friend with a litter. Let's just say, it was one of my weaker moments. She was somewhat of a cull with perpetual health problems. However she was blessed with a great nose, and what she lacked in physical ability, she made up for in intelligence and heart. Chelsea earned her Master Hunter at age three and was the retrievenest and birdiest dog I have ever hunted over. Although, her combination of marginal athletic ability and high intelligence resulted in a dog with an interesting character – the canine version of a nerd.

That dog would fetch anything and everything. Our yard was littered with various objects that she amused herself with. She was unrelenting, and no time was spent outdoors without being forced to throw things for her to retrieve. Gardening, lawn mowing, painting, and snow shoveling were all hampered; intermixed with throwing bumpers, sticks, balls and kongs. However, her favorite toy was indisputably a tennis ball. Or, I should say, all tennis balls. She hoarded them, and hid them in every corner of the house and yard, never wanting to be more than a few feet away from one at any time. At any sign of an opportunity to exact a retrieve, Chelsea would execute a sub-second maneuver, resulting with her muzzle in your face with a mouthful of slimy fuzz. Most of her life was spent with the words 'Wilson' or 'Dunlop' visible between her lips.

Retriever training with Chelsea progressed well. She had excellent marking skills, and by ten months, she had progressed beyond pattern retrieves and was handling well with cold blinds inside of 100 yards. I had few opportunities to do live-bird training with Chelsea as a puppy. Although, I had a freezer full of ducks and pheasants that I used to expose her to feathers, and the few training sessions we did with live pigeons and ducks went well. Consequently, when Duck Opener rolled around that fall, I felt confident bringing Chelsea into the field.

We were living in Maine at the time, and I had scouted an isolated grass island in the center of Merrymeeting Bay. I had located a spot that had cover at high tide, yet still had water for decoys when the tide had gone out. While Merrymeeting was no longer the legendary waterfowling Mecca of the thirties and forties, it had a tremendous population of Bluewinged and Greenwinged Teal. I

anticipated there would be plenty of shooting. If I shot well (with the three-bird limit), we would have a short yet action-packed hunt that would grab the interest of a young dog.

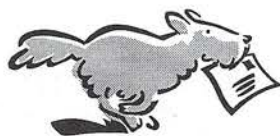

Opening Day came, Chelsea and I went out onto the bay at midnight to secure our spot. We slept in the jon-boat until set-up time – it was a beautiful, warm night. An hour before sunrise, the Herter's model 72s went into the water and we were ready for shooting time. It was a gorgeous morning; sunny skies, temps in the fifties and just enough wind to move the decoys. The rest of the hunters on the bay started the season about fifteen minutes early that day. But, I had planned to wait until a few minutes past shooting time in order to be sure the dog would have enough light to mark effectively.

Dozens of Teal had whizzed overhead and several had communed with our decoy spread before I determined there was enough light to take a bird. Needless to say, the dog was very excited at the sight of all the ducks, and was ready to go when she heard her name. At about a quarter past shooting time, a double came through the spread. I missed on the first shot. But, the second trigger pull folded a Bluewinged Teal into the edge of the grass, about thirty yards away.

Chelsea held steady and had obviously marked the fall. When I called her name, she lined perfectly toward the bird. The grass was tall, and I could not see the dog. The top of the reeds moving in her path was my only indicator of how and where she was hunting. She seemed to be working a little wide of the fall. But, I decided to let her hunt rather than call her back. After a few minutes, Chelsea headed back toward the boat at full steam. I was elated at the prospect of her completing her first retrieve in a real hunting situation. When she arrived, she had a look of pride on her face from her wondrous achievement. And, there in her mouth, was a mud-covered tennis ball.

Chelsea did go back to retrieve that Teal, and made two other retrieves that day. Between shots she was absorbed with where I had hidden that tennis ball, which I had dispensed of into the outgoing tide while she was out on a retrieve. Eventually she did come to be more focused on birds than balls. But I know I'll remember that first retrieve even more vividly as it turned out, than had she returned that Bluewing perfectly to hand on her first try.

Lake Country Retriever Club*

FROM THE MIDWEST ...

Just When I Thought Things Couldn't Get Much Better...

The Midwest Region is crowing and growing! Our family of dog folks is getting stronger by the day and now we have been entrusted to host the Invitational in 2001!

I am pleased to announce that plans are being made to hold it in Iowa (near Des Moines) the second week of June 2001! The Midwest Region family of NAHRA folks has it's work cut out -- topping the Alberta experience will be largely impossible, but we are committed to make it a memorable experience as well. Ideas are flowing & volunteers are lining up. Watch the NAHRA News and the web site for more information!

I am so proud of our gang!

We have new clubs cropping up all over, and hosting tests in the face of adversity: Midwest Retriever Club at Diagonal, IA hosted a double test in April and are putting on another one in October; the Southern Minnesota Hunting Retriever Association has been formed for a couple of years, but just completed their first test, a double Intermediate and Started July 15-16, and the newest club, the Mississippi Flyway Hunting Retriever Association is planning a single event August 19-20.

We have the potential of 2-3 new clubs forming NEXT year. Ken Newcomb of Norfolk, Nebraska has had a preliminary meeting and their club will be called North-east Nebraska Hunting Retriever Association (NENHRA).

We have a full schedule of tests from early April to early October!

We had a successful and very well attended Regional event at Lake Country Retriever Club near Prior Lake, MN. Our percentage of Intermediate and Started qualifiers participating in the Regional has increased yearly to about 85% this year!

We had members donating wonderful prizes (like a Lucyana Strongarm and a three quarter cock sporting clays thrower!) to our Midwest Region raffle & buying tickets to support the effort!

A panel style judge's clinic is in the planning to be held in late winter/early spring, using some of our super region judges.

We have doubled the circulation of our region newsletter, "The Whistle", and members have contributed wonderful stories and articles for it.

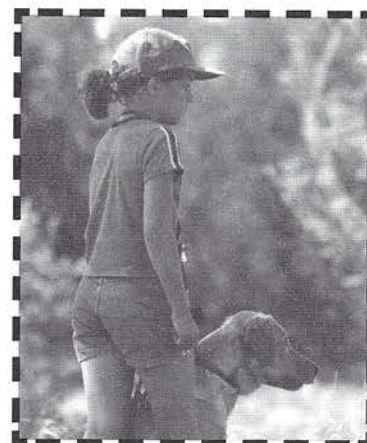

One of our own was asked to judge the RAW 2000 in Edmonton, AB (uh, yes, that was me), and Sandy Zandlo's "Zip" completed and qualified in the RAW 2000!

Thinking back, while on my airplane trip TO Edmonton the very end of June, I was reflecting about all of this positive energy in the Region, and how we have it made, so to speak. THEN, at the end of testing at RAW 2000, Dave Cannings asked me rather publicly to chair

and to host the RAW 2001 in the Midwest Region!! The minute I got home I pounded out an email message to some Region folks, and made a few phone calls, and within 24 hours I had over 30 responses to GO FOR IT.

Just when I thought it could not get any better...

FACTS ABOUT NAHRA

- The originator of the national hunting retriever concept.
- Largest Hunting Retriever association in the world - dedicated solely to the hunting retriever and conservation of game.
- Maintains a working stud database including all the dogs that have received hunting titles, their registry, color, sex, breeder, owner, and location.
- Provides clubs throughout the U.S. and Canada.
- Provides technical assistance to clubs and individuals.
- Publishes a quarterly publication with test results, articles on training and testing retrievers.
- Membership advertising available in quarterly publication.
- Conducts retriever training clinics and seminars for judging NAHRA Field Tests.
- Provides a rule book with a structure to test and reward the hunting retriever under simulated hunting conditions for both upland birds and waterfowl.
- Provides a list of certified judges.
- Awards titles and certificates to purebred retrievers that meet the standard.
- Offers recognition certificates to dogs that have earned a show or field championship and a NAHRA working title.
- Conducts the national "Invitational Field Test" annually for the top Senior dogs.
- Conducts 9 Regional Field Tests for the top Started and Intermediate dogs.

RECIPE CORNER

Marinated Roast Duck

What You will need:

Duck, cleaned & skinned
Fresh garlic
Soy Sauce
Oranges (peeled and separated)
Apples, sliced
Onions, sliced
Jalepeno Peppers

Beer
Onion Powder
Celery seed
Paprika
Black pepper
Vegetables—Your choice Potatoes, carrots, celery, bell peppers.

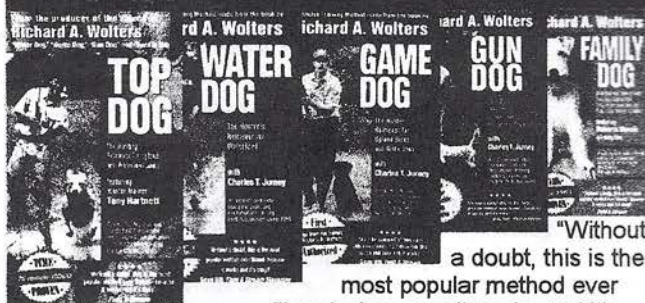

What to do:

Peel the fresh garlic and slice vertically into two or three pieces (depending on the size of the garlic toes). Using a fillet knife, insert the blade every square inch of the breast and legs (meaty parts) and insert the garlic slivers. Now soak duck in soy sauce for 30 minutes.

Remove from marinade. Stuff cavity with slices of oranges, apple and onion. Place in cooking pan, pour left-over marinade into pan, add one can of beer (or if you prefer 1 cup of sherry or wine). Sprinkle seasonings over duck, add 1-1/2 to 2 cups water and jalepeno peppers.

Simmer at 275 degrees for three hours, then increase the temperature to 375. Rotate the duck, breast down, add the vegetables and one more can of beer. Simmer for another hour and enjoy!

Top Breeders of Fine English Cabs

Double T British Kennels has carefully chosen the finest 100% **BRITISH LABRADORS** out of the finest field trial and hunting bloodlines in the United Kingdom. Their superior genetic characteristics enable us to offer black and yellow puppies that are known for their good looks, tractability, intelligence, temperament and loyalty. We also offer started dogs for the waterfowl and upland bird hunter.

We are proud to announce

Our first importing of a **FTCh Bitch Garrendon Cassie of Ropehall** is out of **FTCh Swindbrook Twig** and **FTCh Munro Tess**. She is in pup to **FTCh Birdbrook Arrow of Craigfelin**. Puppies are due during the first of August 2000. We have also imported **Craighorn Spud**, a black 2 year old who is a field trial winner in his first trial, and **Craighorn Hardy**, a fox red 13 month old to add to our junior stud program. Spud is sired by **FTCh Baildonian Barron of Craighorn**, who placed 3rd in the 1997 Nationals. Both dogs are out of **FTCh Lockmuir Bonnie** who placed 2nd in the 1998 Nationals. Bonnie is out of **FTCh Pocklea Remus** who was the first place winner at the 1991 Nationals.

They Had A Choice. They Made A Change. It Made The Difference.

"With Pro Plan we get good coats, good energy levels, and it's very palatable. The dogs have good endurance, they look great, they feel great and they're thriving. We just don't have any problems with Pro Plan."

Merry M. Lake
FC Diamond D's Klondike
National Retriever
Championship Finalist, 99, 97
Pro Plan® Performance

"I feed Pro Plan Adult. I look at the muscle tone, skin, glossiness of their coats – all the problems that can come up under stress. Plus, they eat it. As soon as I'm done putting the pans out I go back and start picking them up. It's gone."

Richard McDonald
Bay Creek's Independence MH
AKC Master Hunter, 97
Pro Plan® Adult

"I'd classify these dogs as Olympic athletes. If you train everyday, from daylight to dark you've got to have a food with protein, carbohydrate and fat levels you can count on. That's what Pro Plan does. I'd say my record stands behind my dogs."

Barry S. Lyons, Jr.
GR HRCH Sarah Margaret Jean
UKC Grand Hunting Retriever Ch., 99
Pro Plan® Performance

"The real catalyst was the support and service Purina gives to field sports. Plus, when you need food, you can get it. It takes natural ability, effective training, and a good food that delivers the right level of usable energy for the rigors of training. He's done better on Pro Plan than any other food."

Michael E. Lardy
NAFC CNAFC FC Ebonstar Lean Mac
Canadian National Amateur Field Ch., 99, 98
National Amateur Field Ch., 95
Pro Plan® Performance

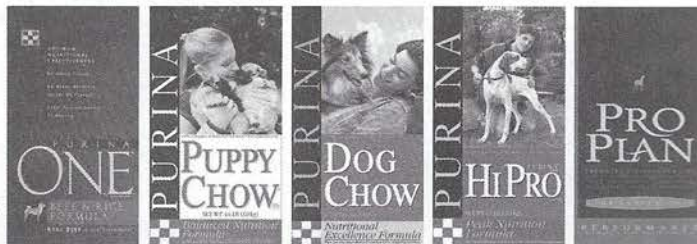

Great champions come from great choices. That's why these competitors made the switch to the Purina line of dog foods. For them, Purina means the right balance of nutrients for maximum energy and endurance and a healthy skin and coat. And with over 70 years of research and experience, they'll tell you, you won't find a better friend in the field than the people at Purina.

Make the choice
that makes a
difference.
Make it Purina.
