The President's Bark

Fellow members,

What a great summer it has been—meeting up with not only existing NAHRA friends but also meeting new people in my travels as a Judge or running tests. I am also having the opportunity to be working with our newest family member a black lab pup (8 months). At this point I'm not convinced whether we are blessed or cursed. We however are truly having fun and I would like to say to Jim and Steve who judged him in his second ever Started event, Guys send me your cleaning bill!!!!

Twenty years ago can you imagine if email existed. The traditionalists would have been typing feverishly to each other. " Can you believe the gall of these seven disengaged who are planning a new concept called North American Hunting Retriever Association? They are actually going to dress in camo and hide behind cover to throw marks and try to simulate hunting situations. Can you believe it, they are not going to have

a winner, and they are going run to a standard. "The Retriever breed is done as we know it, as every dog they run will qualify." I bet the telephone company at the time saw a huge power surge! However, the foresight of seven enabled you and me to participate in a game simulating hunting situations. The foresight of these seven has since been copied. Three other groups offer like programs. NAHRA has been the leader in the working retriever testing program since its conception. We arguably play the game to the best running rules.

Will change continue to happen? It is inevitable. It is the mandate of this administration and the responsibility to be the stewards of the process. There is not one of the Board members who do not take this responsibility seriously. Could we communicate better? Most definitely! As indicated in my last Bark column we have been working on and have implemented a monthly newsletter to try to create a link between the NAHRA Board and the members. The two editions to date have had good feedback and ultimate communication is happening. I would like to take this opportunity to thank all that have taken the time to write in to (nahrafeedback.org). I can tell you that all the comments and suggestions have been read and we have tried to answer as many as have written in. I see positive results and look forward to maintaining this process.

In summary review I would like to pass on to all of you that the Board feels that we are approximately 90 days behind our one-year goals we set at the outset of our administration. As has been

expressed openly we had five key priorities we are concentrating on and expecting to complete within the first year of our administration. Along with completing these priorities we will be sitting down at some time between now and December 31st to lay out the plan for both the short and long term objectives of this program.

Another mandate the Board members had at the outset was to travel around to as many regions as possible to talk with the membership. To date we have had exposure to the Northeast, South Central, Rocky Mountain, Southeast and Northwest regions by one or more of the Board members either judging, running or just there for observation and dialogue. I was involved a month ago with a conference call with the Alaska Region as Dave Renkowski their Regional Liaison requested that I participate in the Alaska Regional meeting. I would like to thank the Alaska club members who participated in the conference call for inviting me to discuss NAHRA direction with their region. Jim Vandergiesen is on his way in September to judge in the test in Wyoming and I also have a commitment to judge in the Midwest in September.

Have a good fall.

Yours sincerely,

Dave Cannings

NAHRA Updates

By: Jim Vandergiessen

I hope this note finds everyone well and getting ready for the upcoming hunting seasons. It's been a great spring and summer for me. I have been able to get around to a few additional regions to meet more of our members and in some cases have been honored to judge their dogs. It really strikes me how good the Started dogs looked this year. Many are delivering to hand and are completing their marks with precision and enthusiasm. Likewise I find the Intermediate dogs are looking like the working retrievers NAHRA'S founders envisioned.

As many of you have called the office for copies of the rulebook have learned, NAHRA is out of printed rulebooks. We will be printing more in the very near future. This printing will be a bridge to get us through the upcoming Field Test season. The next printing of the rulebook will take place after a complete review of input received by the NAHRA office over the past several years. I would like to invite all NAHRA members and especially NAHRA's judges to take a good look at the rulebook and their past experiences and see what changes could be made to improve it. I don't see this as a great sea change in the NAHRA rules. The rulebook has served us well with relatively little change over the years. I'd like to call your attention to Chapter one Section A of the Rule Book:

"NAHRA's purpose in establishing this concept is to discover and reward dogs that can fulfill the hunter's needs in the field by performing in a manner consistent with the demands of actual hunting conditions. The purpose is not to confront the dog with trick problems, but rather to test the dog's natural ability and acquired training. NAHRA Field Tests utilize duck blinds, numerous decoys, boats, calls and other hunting implements in a manner simulating normal hunting. Under the NAHRA concept, the objective is to recover the bird as quickly and efficiently as possible, to create the least amount of disturbance in the marsh and upland and to give the hunter the maximum amount of time to actually take game."

As we review the rulebook I think it's crucial we keep this section in mind. As our training methods evolve and improve, our dogs' work improves. This is a good thing and the resulting improvements in the dogs' performance in Field Tests should be celebrated. The standard should not be pushed up because we are successful.

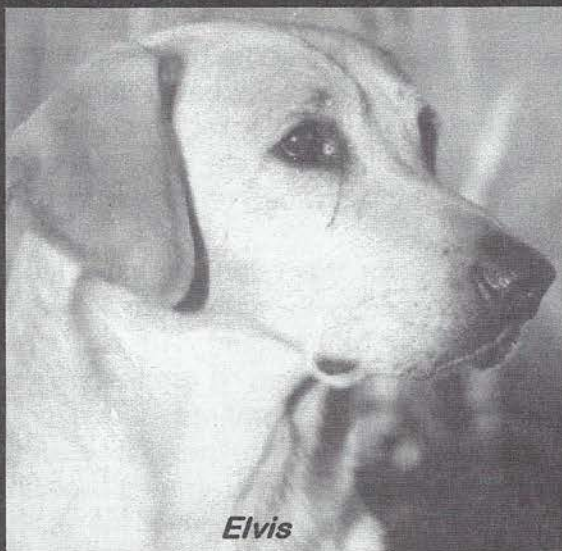

If you chose to make recommendations for the rule book I'd ask that you do so in the following format:

- 1. Identify the Chapter, section and paragraph.**
- 2. Identify precisely what you think needs amending.**
- 3. Provide a brief but concise explanation why you think the changes are needed.**
- 4. Include any notes you think are relevant.**

If at all possible please make your input electronically to NAHRA by email. NAHRA will compile all the changes received and merge them into a summarized list of recommendations. A summary of the received recommendations will be made available approximately 90 days after all input is received for member review. Changes to the rulebook will take place after this review based on both the amount of input received in specific areas, and their impact on program as a whole. All input is due by 31 December 2002.

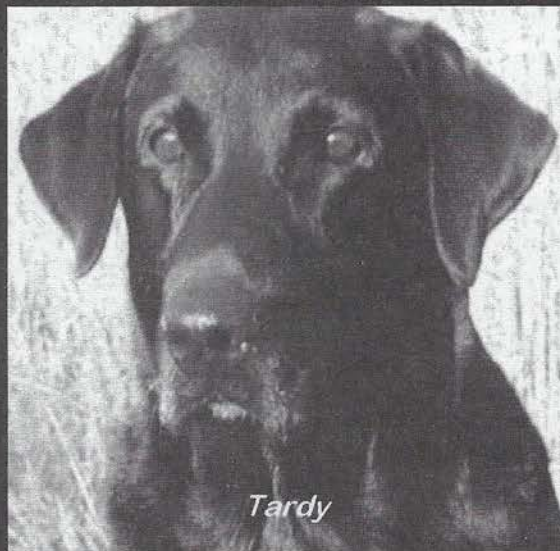

Good Hunting and be safe.

LETTER TO THE EDITOR

To the Editor:

The North American Hunting Retriever Association took a very responsible step with the decision to allow NAHRA clubs the option of using dead fowl trainers in hunt tests. Avian influenza has been quite severe in Virginia causing the Virginia State Veterinarian to issue an order that prohibits the public sale and/or exhibit of poultry until further notice. This ruling has affected the state of Virginia's county and state fairs and other events where poultry may exhibited and sold.

More avian influenza viruses have been isolated from ducks than any other species. Waterfowl act as a reservoir of avian influenza by carrying the virus in their intestinal tracts and shedding it in their feces.

Viruses that cause no obvious disease in waterfowl can be highly pathogenic in domestic poultry. Not all states are affected so one has to check with his own state on local prohibitions.

Let's all give our support to NAHRA's decision in this very serious matter.

Very truly yours,
Luther J. Bergstrom
Unionville, Virginia

MEMBER NEWS

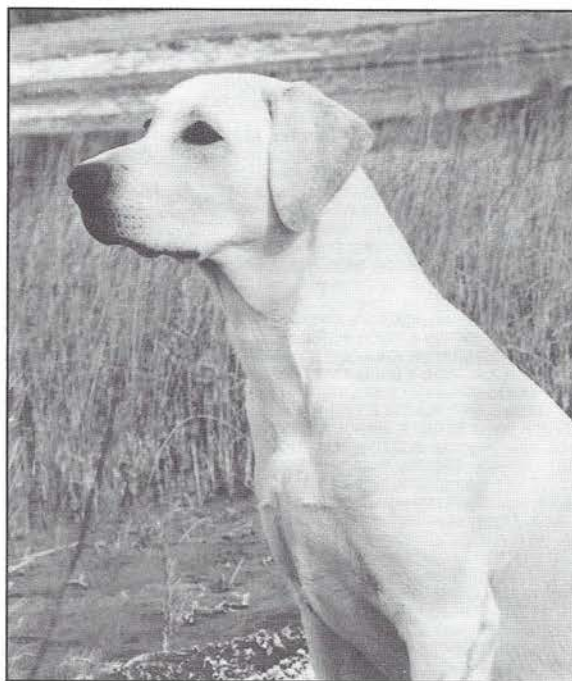

Diamond P. Termo and Steve Corcoran

A COOL Pup Awarded Started Title

After our 15 year old chocolate Lab died at Christmas three years ago, my husband and I came to a NAHRA Field Test in Los Banos to look at the dogs and talk to folks about finding a good breeder. People were so kind and helpful, and we ended up getting Termo from Patti Jo Scott of Diamond P. Labradors in Walnut Grove, California. With the guidance of Greg Gersbach of Wildheart and the patience of my husband Steve, Termo, now two years old, has just received his Started title. At each hunt test—from Central Coast HRC, San Joaquin HRC, and most recently the Northwest Regional—we have been so impressed with how the judges, club members, and other dog owners have gone out of their way to show us the ropes and to give us pointers. We want to thank NAHRA, the breeders and trainers for creating this welcoming and educational experience for Termo and for us.

Marcia Corcoran Emerald Hills, California

WR Riparians Bearly Behavin earned his MHR at the Central Coast Hunting Retriever Club test held July 20-21, 2002 at Camp Roberts, California at the age of 18 months. Bear is owned and trained by Mark and Cindy Lowans of Yuma, Arizona.

REGIONS

MID-ATLANTIC REGION

By: Kevin McLaren, Mid-Atlantic Liaison

The 2002 Mid-Atlantic Regional was held on June 14th and 15th, at the beautiful Mountain Run Kennels in Culpeper, VA. The temperatures were in the mid 70's very moderate for this area in mid June. This was NAHRA's first licensed event using Dokken Deadfowl Trainers, (DFTs). We were very fortunate that we had planned on using DFTs, as we were notified 10 days before the test that our Game permit was denied. This was due to a little a little known regulation, that bans field-testing or trialing in Virginia during the time period of May 31-August 1 using live game birds. On a side note, I was surprised to learn that the pigeon is considered a game bird in VA if they are being used to train or test dogs. Despite all the controversy and confusion that arose from this issue, the dogs did not seem to mind as 42 out of 45 dogs qualified in the 3 levels.

As I reflect back on this year's Regional, several things come to mind I feel make the NAHRA program stand out among the other programs. The first and foremost is the dogs and the work that they do. A Regional is not an average type of test. The dogs that are under judgement are the cream of the crop, so to speak, in their respective divisions. Therefore you would not expect average dog work, and we were not disappointed. As the qualifying percentage would indicate, there was some awesome dog work on some challenging tests.

Secondly, the people of NAHRA make it special. At a typical NAHRA test you have people from all walks of life, many vocations and backgrounds. When it was time to begin the tests, we asked for volunteers to throw the marks. A large percentage of the folks in attendance were willing to take their turn doing some of the work. I have been involved in several organizations in my life. NAHRA is one of, if not the only one, where the majority of the people want to see everyone else succeed.

A great example of NAHRA fellowship was at the Senior water test. The Senior water was the last series of the weekend's activities, and consequently, there was a large group of armchair handlers observing the Senior dogs run. As each

handler and dog ran, the whole group was quietly lending support. If a dog missed the mark in the lily-pads, the grimaces could be heard. When the mark was found an audible sigh could be heard, almost in unison. As each participant returned from the line the, good-natured comments were exchanged between the handlers and gallery.

Later Saturday evening we hosted the Regional Banquet at the Holiday Inn Culpeper. After a wonderful meal and raffle, Regional Plaques and Rosettes were presented to all the qualifiers. At the conclusion of the banquet, hunting stories, dog brags, DFT observations and opinions, and vertically challenged dog jokes were shared well into the morning.

I would like to take this time to thank our Judges for this year's Regional. Without their capable efforts, the weekend would not have been nearly as successful. We were pleased to have the following folks judge the 2002 Mid-Atlantic Regional: Dave Cannings & Herb Bittner- Senior, Joe May and Robbie Sutton- Intermediate, and Patti Sutton & Mario Cillia- Started. I also want to extend a great deal of thanks to everyone that pitched in and helped make things run. There are too many people to thank individually, I am afraid I would omit someone, instead I thank them collectively as the members of NAHRA family. I owe a debt of gratitude to the folks on this year's committee, without their time and talents there would not have been a 2002 Mid-Atlantic Regional.

The Mid-Atlantic Region wanted to recognize an individual or individuals who have made significant contributions to the Region and NAHRA. So after a vote by all the clubs in the region, the unanimous choices for the inaugural award were Joe and Sharon May. One of the special moments of the weekend took place on Friday evening at the Judges dinner. Joe and Sharon May were presented with a framed print as a token of our appreciation for their years of participation, support, and guidance. There are not many, if any, titled dogs in this part of the world that have not been under judgment by Joe and Sharon. The members and clubs are truly grateful to Joe and Sharon, and look forward to many more years of their friendship.

I encourage everyone to get out and support his or her local NAHRA clubs. Your dogs will love you for it. The Mid-Atlantic Region has a full schedule of hunt test dates this fall. I hope to see you there.

Coyote Utility Pouch

Coyote Bumper Bag

Introducing the Coyote Pro Trainer Belt™

From a choice of 12 snap-on accessories, you and your Coyote Pro Trainer Belt™ carry afield everything needed for a serious training session with retrievers or pointing dogs alike.

For unsurpassed support, the Coyote Pro Trainer Belt™ is constructed around a heavy-duty 2 1/4" chestnut English bridle leather belt with a unique anchoring system that keeps needed accessories where "you" find them most convenient. A place for everything and everything in its place!

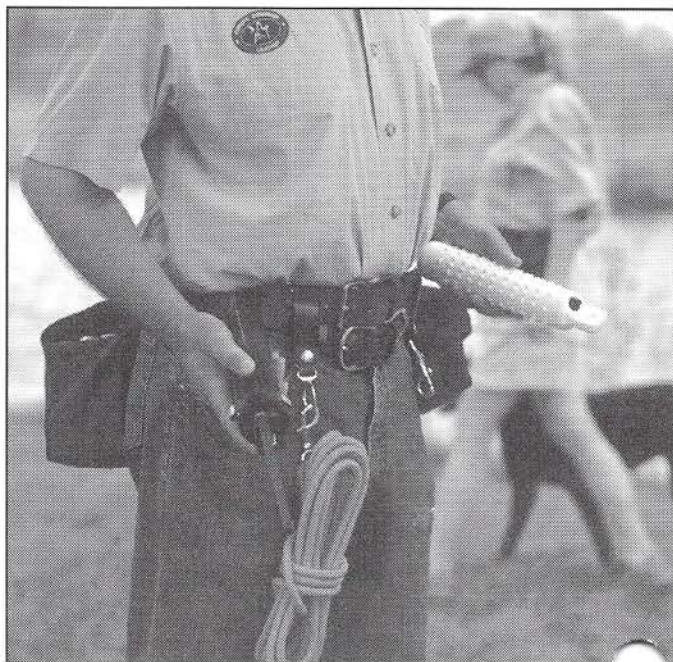

#PRO-TR - SUGGESTED BASIC RETRIEVER MODEL: . . \$190.00
Belt, Bumper Bag, Utility Pouch, Check Cord & O-Ring Attachment, Snap-Bolt Attachment.

#PRO-TU - SUGGESTED BASIC UPLAND MODEL: . . \$190.00
Belt, Live Bird Bag, Utility Pouch, Check Cord & O-Ring Attachment, Snap-Bolt Attachment.

**TO PLACE AN ORDER OR TO REQUEST
OUR CATALOG CALL 972-262-2050
OR GO TO WWW.COYOTECOLEATHER.COM**

Coyote Bumper Bag - feeds from either side.

Coyote Round Tri-Tronics Holster - allows use to point directly toward the dog with the antenna the suggested 12 inches from user's body.

Or Build Your Own

#PRO-BELT - PRO-TRAINER BELT \$80.00

- Available in four sizes. Small (29" to 34"), Medium (32" to 37"), Large (37" to 42") and Extra-Large (43" to 48")
- as measured over your clothing.

Add-on Accessories

#BBAG - COYOTE BUMPER BAG \$41.50

- Made from water-proof Otter Cloth™, the Coyote Bumper Bag rides tight against the belt with "no bounce" while walking. Mesh front speeds wet bumper drying. Dummies feed from either side and holds 8 two-inch bumpers, 5 Real Duck® bumpers or 4 Docken® mallards. Doubles as a game bag.

#LBAG - COYOTE LIVE BIRD BAG \$41.50

- Holds 1 pheasant, 2-3 pigeons or a small covey of quail (4-5). Poop-proof Otter Cloth™ keeps you dry and clean. Spring loaded top prevents accidental bird escape.

#UPT - COYOTE UTILITY POUCH \$41.00

- New Otter Cloth™ keeps dog treats, snacks, or valuables such as sun glasses, blank ammo, ear protection, etc., dry under any conditions. Has two side pockets.

#TRI-R - COYOTE ROUND TRI-TRONICS HOLSTER \$36.00

- Ergonomically designed top-grain leather holster that allows user to point directly toward the dog with antenna the suggested 12 inches from users body. Simply point, stimulate and drop!

#TRI-F - COYOTE FLAT TRI-TRONICS OR INNOTEK HOLSTER \$23.50

- Same basic features as the round holster.

Conveniently snaps off Pro-Trainer belt for attachment to Coyote's Electric Dog Collar Lanyard.

#O - O-RING ATTACHMENT \$9.50

- Conveniently snaps on Coyote Pro Trainer Belt. For use with check cord or slip cord - very useful accessory.

#SNAP - SNAP-BOLT ATTACHMENT \$9.50

- Place personal items where you need them on the Pro-Trainer Belt.

#DMC - DAN MAR CHAMPIONSHIP CHECK CORD \$18.50

- 20 ft. blaze orange, solid-core check cord; very stiff

#TPH - TRAINING PISTOL HOLSTER \$29.50

- Both right and left-handed models available in top-grain leather

OTHER ACCESSORIES AVAILABLE:

Coyote Short Clip, Coyote Gun Caddy and Water Bottle Holster
- see catalog for details.

REGIONS

SOUTHWEST REGION

By: LAURNA HAMMOND, SOUTHWEST LIAISON

In the last "Regions" article, I covered up to March. Well, we have been pretty quiet here in the Southwest region since then. We only had one test, hosted by Central Coast Hunting Retriever Club, in July.

The Central Coast test went pretty well. I, at least had a great time. I really enjoyed judging both days with Geordie Wise. I think I have learned the most judging with Chuck Rhoades. Judging with Lisa DeSilva was a serious event, we both worked hard to put on a challenging, but fair, no tricks Started test. But, I had the most fun with Geordie. Also, Geordie and I feel the same way about NAHRA and what a NAHRA dog is; a hunting dog.

The Central Coast test really lacked for help, but their members worked themselves to death to fill in the vacancies. We had to shuffle handlers and workers in and out. Thankfully at NAHRA tests everyone is patient, understanding and helpful. Everyone always pitches in and helps.

This test has a great tradition after the Saturday tests are over. We all meet at a great grassy and shady spot for a BBQ dinner. After dinner there is the fastest dog competition. The clock starts when the handler lets the dog go and stops when the dog gets to the handler. It is always a fun event, as you never know what the dogs may do. This year we had a few youngsters take off and forgot their mark and go visit the gallery. One dog seemed to really mark the spot the bumper had landed, but when she took off she went in a completely different direction. What was she doing? She ran underneath a truck and started gobbling down a sandwich!

I do have to tell you a funny story. It may seem a little mean spirited in print, but you just have to know the people involved.

This Central Coast test takes place at Camp Roberts, a California National Guard training Area. Usually one just drives through the front gates, no one is there to check you in or out. Well, due to 9-11 they make you stop right inside the gate, fill out paper work and show ID, registration, etc. before letting you drive on through to the test site.

Well, Geordie Wise saw Johnny Walker driving behind him and asked the guys at the desk to

give the next guy coming in a hard time, they were buddies. Johnny came in the building, gave his ID, etc to the guard. The guard really looked the IDs over and looked Johnny over. The guard then went into another office, taking Johnny's IDs with him and was away for 3-4 minutes. The guard then came back and consulted the other guard in hushed tones, looking at Johnny every now and then. The first guard then came over to Johnny and asked him, "Have you ever been to Atascadero?" Johnny replied to the affirmative. So, then guard number one goes back into the other office and is now gone for 5 minutes. Johnny is getting nervous. The phone rings in the outer office. Guard number two answers it, speaks for a few minutes and then tells Johnny, "They want to speak to you on the phone." (Johnny does not know that it is guard number one in the inside office on the other phone). When Johnny gets on the phone, guard number one tells him that this is all a joke; his buddy put them up to it.

Well, good old Johnny is a great trooper and handles the joke well. But, poor Johnny, we are not done with him yet!

Geordie and I are judging together at the Senior stake where Johnny is entered. Since Geordie is so efficient at setting our upland test up, we are done before Johnny can get to the test. We made the decision to go ahead and set up the land series and come back to the upland later. (We both knew that Johnny, the hard worker that he is, was probably helping to get another stake going.)

We did call backs to the land series and told the marshal and all the handlers to tell Johnny that he was out, that we had put the clock on him and he never showed up.

So, Johnny shows up we have the second series pretty much ready to go. The marshal must have told Johnny we had him out as Johnny came to speak to me. He asked me, "I was told that you put me on the clock and that I am scratched. Am I scratched?" I replied, "No, you are not scratched... you are OUT, we put you on the clock for 15 minutes, we waited over 20 minutes and you still were not here. We got to get this test moving, so you are OUT." The look on Johnny's face was priceless! He could not believe that I had done that to him (I am known to be a softie judge). Finally, I could not keep a straight face and burst out laughing.

Again Johnny is a trooper and takes it well. He is really a great guy. But, we still are not done with Johnny.

As he is working the dead bird station for us,

ON THE ROAD TO NORTH DAKOTA

By Laurna Hammond

Out of the blue I received a phone call in mid March from Dan Norton. Dan is an old NAHRA buddy from when I first started running in NAHRA tests

I met Dan at a Tri-Tronics collar clinic. We lived 3 hours apart. At the clinic we started chatting and found it really is a small world; we knew some of the same people. His dog's breeder was in my NAHRA club, San Joaquin HRC.

Dan and I saw each other at NAHRA tests occasionally. After a while I noticed I never saw Dan anymore and asked our mutual friend about him, was he okay, was something wrong with his Lab? Dan had started a new job that kept him on the road. I kept up on what Dan was up to through our friend. The last I heard was that Dan had settled down in North Dakota, was married and had helped to start a new NAHRA club.

I was pretty surprised to be hearing from Dan that day. Dan asked me if I would be willing to go to North Dakota and judge for his club, Central Flyway HRA. It would be over the Memorial weekend, a three-day event with a triple Started, triple Intermediate and triple Senior.

I checked with work, home, training day and hunt test schedule and found that the calendar was clear. I debated about having to take two days off work and having to be in airports and on a plane for hours. I finally decided to go. I thought it would be interesting to see a new place. I might never get the opportunity to go again. Also, my fiancé had given me orders to check out the place for him to go hunting!

I was certainly glad that I did go. Even with the long days and having to get up at 2 am to catch the planes going and coming, I had a great time.

I got to judge at every level, so eventually I got to see all the nice people and great dogs. "Saw a lot of nice dog work!!"

The terrain actually looked a lot like where our tests are held, Los Banos Wildlife Area; pretty flat, not very many trees and a slough running through the site. When I arrived late Friday afternoon I could hear a lot of the waterfowl.

Dan had told me to expect any kind of weather, from cold and windy to hot and muggy and windy. He told me it had snowed the weekend before. I also learned that the wind never stops blowing in Minot, North Dakota. There is nothing to stop the wind from the arctic circle to Minot. Brrrr.

This photo proves that NAHRA Goldens can hunt anywhere—even in belly-deep mud and muck.

So, I brought everything from long underwear to sun screen. I used both and everything in between. I started out on Saturday wearing the long underwear and by Monday I was wearing t-shirts and using the sunscreen.

I judged on Saturday and Sunday with a very experienced gentleman, Larry Dusanek. Larry might not have a lot of judging points, but he sure knew dog work. Larry was not feeling

good that whole weekend, but he did not let it stop him. He walked me all over the area showing me good spots for our test sites. Larry and I had our water tests all set up until the wind changed and we had to scrap our test. It was too bad because Larry and I both loved our water marks and blind in that spot. Larry quickly showed me a new set up and off we were, ready to go.

On Sunday I judged with Fred Lien. This was Fred's first time judging. I could tell that Fred was a little nervous. He really wanted to learn and do a good job. I can tell that Fred will be a good judge; he was hard working and fair in test set up and to the dogs.

On Saturday and Sunday Fred and his wife Sherry both worked hard setting up the test equipment at the test sites and manning dead bird stations.

I know this might sound strange, but I really complimented them on their dead ducks. They were the perfect size, fresh and their feathers held enough oil so that they would not sink.

Another hard working crew was the family of Terry and Carrie Bush and their son Jase. All three worked hard at setting up the test sites and manning gun stations. Terry and Carrie had donated their place, Ambush Preserve, to the club to use as their test grounds.

I found that this club was just like every other NAHRA club I have judged for; the people are nice and friendly, the atmosphere relaxed and the dogs are having a great time. The talk around the award dinner was the same; dogs, guns, ammo, hunting stories and grumbling about the fish and game regulations.

I left North Dakota and Central Flyway HRC with lots of good memories and some good hunting tips. On Sunday's dinner they told me that I was now a member of their family. Wow, I have a great family! I will see you again someday. Until then, happy hunting and go do some "good dog work."

Fred and Sheri Lien, happy the weekend went well.

Central Flyway HRA members take a much deserved break waiting for the rest of the tests to end.

FROM THE

REGIONS

ALASKA REGION

By: David Renkoski, Alaska Liaison

This past June I was called and asked to come judge a NAHRA event for the Alberta Clipper Hunting Retriever Association in Edmonton, Alberta. It was an easy answer for me. I just had to clear it with my dogs as they would not be accompanying me. After a few dog bones I finally had their OK (it will only cost me another hunting trip this fall, and you thought spouses were tough!). I called Ralph Luedtke back and the trip was set. I was really excited about the trip as this was the site of the 2000 R.A.W. Invitational that I participated in. I was also looking forward to seeing some old friends that I had made along the NAHRA circuit. I was to judge a Started/Intermediate on Saturday and a Senior on Sunday.

Dave Cannings picked me up at the airport at 1:00 a.m. and I asked him how he got the short end of the stick? He looked more tired than I did and I had been flying all day. Well we stayed up even later and I need to tell you we solved most of the world's problems that morning. Well I finally went off to bed because I wanted to see the test grounds later that day and wanted to do it with my eyes open!

Ralph Luedtke drove me around the test grounds and assured me that the winds only come from the west. Oh how I love that Canadian humor! Yeah well so much for his insight. The day of the test the wind shifted. We had a great time anyway. During the test we got to do a little fishing! The Intermediate dogs were placed a few yards (meters) away from the handler who had to don their favorite fishing cap! After a few casts into the pond the judges yelled, "here they come". The handler ran back their dog and the marks began. Well my old buddy Gary Willis made a few casts with the rod and threw the top half into the pond! Remind me to never take him fishing. We continued on despite Gary and finished up a great day. The only problem was I kept asking how hot it was and those funny Canadians would say 34.

The awards ceremony that night was nothing but awesome! New York steaks on the grill! The people at ACHRA really know how to take care of an American!

The next day we enjoyed those same hot temperatures, 33 to 34. I wondered if they would

notice a 100 meter blind instead of a 100 yard blind? We had another great day with some good dog work and some not so good work. The not so good work was compliments of our simulated breaking dog in the blind. Our President, Dave Cannings, really got into the scenario with his new pup. It was just like it happens out hunting with the guy bragging about his dog and then it breaks all the time. Thanks for making it so realistic, Dave! My co-judge Richard Ariss and I had to brave those 33 to 34 Celsius temperatures all day. The day was a smashing success with some good dog work.

Well my weekend was finished and I had to say goodbye to some old friends and some new ones. If you ever begin to think about a trip up North (even Alaska) make sure your plans include a stop in Edmonton to run a test with the ACHRA club. They sure know how to put on a test and you will go home saying "EH" with the best of them!

P.S. Hey Gregg, I didn't see a Canadian team in this year's Stanley Cup Finals. It was a team from the good ole USA.....DETROIT!!!!!!!!!!!!!!

FROM THE REGIONS

Continued from page 19...

we keep making remarks to Johnny, nagging him, "The bird went too far, it is too low, now it is going too short." Again, Johnny laughs it off.

Well, Sunday morning comes and again Georgie and I are again judging together. Georgies' wife, Debbie is telling me about a strange 1:30 am phone call that woke them up. Wow, I said, I had the same thing happened to me at that same time, how weird. Wait a minute...both of us had that phone call....JOHNNY!!!!

SAYING GOOD BYE

I, Laura Hammond, must regretfully give up my position as Southwest Liaison. Because of politics or dead fowl trainers? No, it is of a personal nature.

By the time this newsletter is in your hands, I will be newly married, on September 28. I will be putting my house on the market a month after the wedding. After the first of January I will be quitting my job of 23 years and moving to Northern California, the Redding California area. I will also be returning back to college.

I will be marrying Steve Cote' who I met some 6 years ago at a NAHRA test. John Milton, a NAHRA judge, Central Coast member and friend will be officiating at the wedding ceremony.

I will also be retiring from my position as officer in my two NAHRA clubs; as Vice President of San Joaquin HRC and secretary of Delta Islands HRC.

I am not quitting NAHRA. I will still pay my dues and judge and run in tests. I will just be too far away from both clubs to do my duties effectively.

The Southwest Region is going to have their annual fall meeting in November at the San Diego HRC NAHRA test. Prior to this meeting I will ask the clubs to nominate people for the Southwest Liaison position. We will then vote on the new Liaison. I still have one year of my position left to go. The new Liaison position will be for one year to cover my old term. Then the position will be up for election again, for the usual 2-year term.

Thanks San Joaquin, Delta Islands and the Southwest for such great experiences.

JOIN US!

NORTH AMERICAN HUNTING RETRIEVER ASSOCIATION

Please show your support by helping to ensure working retrievers for generations to come.

NAHRA helps clubs organize throughout North America with the purpose of educating the public in the use of the purebred retrievers as conservation animals and to promote field testing of retrievers in simulated hunting situations, for upland birds and waterfowl.

NAHRA members receive, a membership card, a subscription to the quarterly newsletter, a rulebook, a NAHRA decal and discount rates to NAHRA field tests.

The 'Sports Drink' for Sporting Dogs

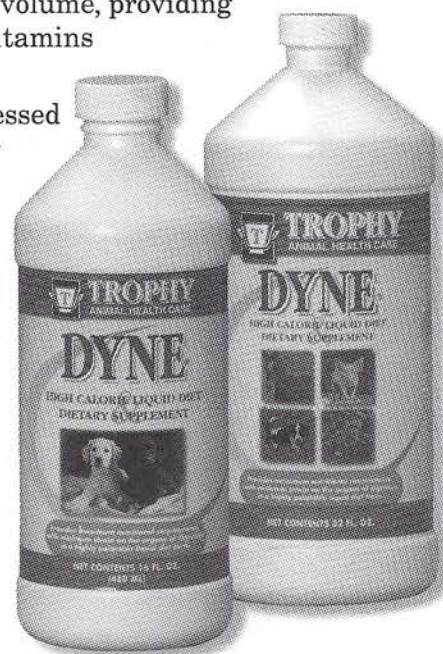

Our dogs are our friends and companions. They are also talented athletes and deserve the highest quality care we can provide them. Trophy Animal Health Care offers unique products designed to take care of your champion at home and in the field.

Dyne® high calorie nutritional supplement provides the extra energy needed during a long day in the field. Dyne is formulated to contain a maximum of nutritive value in a minimum of liquid volume, providing approximately 150 calories, vitamins and minerals *per ounce*.

Dyne may be fed as is, top-dressed over your dogs normal feed or mixed with water to combat dehydration and maintain the stamina for a long day in the field!

- Maximum stamina
- Peak performance
- Optimum energy

For more information about Dyne and other Trophy products, or to order on-line visit trophyanimalcare.com.
