**1999**

# DOGS ARE WONDERFUL, SIMPLE CREATURES, CAPABLE OF PERFORMING COMPLEX TASKS. YOUR TRAINING TOOL SHOULD BE THAT WAY TOO.

## Introducing the NAHRA Special – a New Breed of Remote Trainer from Tri-Tronics.

### It's wonderful.

We didn't just make our collar smaller, we made it even lighter than our Lite Series collars. And it's designed to better conform to your dog's neck. The collar strap threads around the outside of the unit ensuring a more snug, reliable fit.

Don't be fooled by its good looks. It's waterproof and built to take all kinds of abuse in all kinds of conditions.

Best of all, we now give you one-mile range with no external rubber-flex antenna in the collar!

Our transmitter is waterproof, and features low-profile buttons and a removable button guard.

### It's simple.

The real beauty of the NAHRA Special is more than skin deep. What makes it perfect for the avid hunter and trainer alike is that it's very easy

*Our new collar (left) is 1/3 smaller than our Lite Series collars.*

to use. You no longer need variable intensity contact points in the collar. Variable intensity levels are now quickly and easily adjusted by a knob at the top of the hand-held transmitter, allowing for a range of intensities that can be immediately tailored to any situation or any dog.

Once you've selected the intensity level, you can instantly select 3 levels of momentary stimulation and one level of continuous stimulation by touch, using the buttons on the transmitter. There are 15 levels of momentary and 5 levels of continuous stimulation in all.

With the NAHRA Special, you won't have to try to program your collar and transmitter like a VCR before you train. Everything is simple.

We've also added more great features. There is a low battery indicator on the transmitter and collar. Also, the LED tells you when the collar is working – no need for a test light. No more turn on plugs either – turn the collar on and off at the transmitter.

*New NAHRA Special \$395 MSRP*

### It's capable of performing complex tasks.

We pioneered momentary stimulation. In fact, it works so well we patented it. Momentary stimulation is almost over before it starts, and that means you can deliver a very effective message to your dog without upsetting him. Use it to reinforce commands, and switch to the reserve high continuous stimulation when your dog is tempted by strong distractions. Use lower levels for basic yard work.

With the new NAHRA Special, you have a lot of versatility for all-around use.

For more information or to order the NAHRA Special call, **540-286-0625**. Or write to NAHRA, P.O. Box 84, Goldvein, VA 22720. When you purchase products from NAHRA, a portion of the profits go to support this organization.

## President's Bark by Jack Jagoda

I recently received a request for historical information regarding the origin and purpose of the NAHRA Regional Field Test, held annually in each region. To properly address this it is important to understand some additional facts about NAHRA. I feel that occasionally we need to reflect on our origin for the folks that have just joined us.

For many years, clubs and individual gun dog enthusiasts held local field trials for the hunter and his retriever. In 1983, NAHRA was founded and became the first

national organization to find test and reward retrievers against a written standard. It was quickly apparent that once dogs earned titles, their owners often did not renew their NAHRA membership. With the continued interest and growth we needed experienced individuals to manage clubs and educate new members. We had to find a way to encourage people to stay involved year after year. In 1988 the NAHRA Invitational was born. This national event was limited to the 30, high point dogs in North America. Another dilemma surfaced as the number of points required to participate, more than doubled in two years. The high point dog earned 540 points creating yet another problem. Soon we were measuring wallets and not dogs as originally intended. The points race was ended as the NAHRA Invitational was opened to all dogs that earn 100 points or five senior qualifications in the previous calendar year. The number of dogs eligible to participate soared from thirty to over two hundred.

The Invitational continues to draw people from across our NAHRA land. The 1999 NAHRA Invitational will be held at historic Linden Farm, located in Northern Virginia.

Very few people own dogs capable of qualifying for the national event. Others can't spare the time away from home or work. It was evident that additional levels of participation would be appropriate. The NAHRA Regional Field Test was created to recognize Started and Intermediate dogs and their owners at a weekend long event, held

annually in each of our NAHRA regions. Owners that qualify their dogs for this event receive a gold duck band and are invited to participate. Check the NAHRA schedule of events for the Regional Field Test near you.

I am quite pleased to announce that I was offered a collection of books from the personal library of Richard A. Wolters. There is a small book in the collection titled, "Retrievers", by the English author B.B. Riviere, written in 1947. In the introduction, the author writes, "The association between man and dog appears to be as old as man himself, and its' origin lost in the shadowland before the dawn of history. So old is it, that the love of man is now inborn and instinctive in all dogs and his companionship necessary to their happiness. It is always a matter for wonder to me to see quite small puppies, despite the companionship of their own kind, crying and fretting for the presence of a human being.

By some of mankind at least, this unique and immemorial bond is recognized and the feeling reciprocated, and to the happiness of many men and women, the companionship of dogs is equally essential."

I wish each of you the personal joy I have shared with my dogs and the best of luck to you and yours in the coming year.

## NAHRA has a new mailing address!

Please update your files and rolodexes. The new address is effective immediately.

All membership applications & renewals, Judge application/tests and field test paperwork should be sent to:

**P.O. Box 5159  
Fredericksburg, VA 22403**

The phone numbers stay the same, and the address for the *NAHRA NEWS* is still:

**P.O. Box 84  
Goldvein, VA 22720**

To Reach Nancy at the main office call: (540) 286-0625  
For Information on dog points and records, call Rosemary at: (540) 898-4216

*(If you received a small flyer with Rosemary's number listed as (540) 899-4216, it was a misprint, the correct number is listed above)*

# YOUR PET'S BATTLE TO SURVIVE CANCER

BEGAN FIFTY YEARS AGO.

Your dog owes his good health, in part, to a balanced diet, exercise, and your insistence that he see his veterinarian regularly. And your contributions to Morris Animal Foundation have made better understanding and advanced treatments possible should he contract a life-threatening illness, such as canine lymphoma (cancer).

Morris Animal Foundation sponsors key humane animal-health studies from which veterinarians develop new diagnostic tools, treatments, and preventive medicines. For more than 50 years, we have funded many studies on canine health issues, such as bloat, hip dysplasia, pain management, genetics, and many forms of canine cancer.

Veterinarians from around the world are developing promising cancer treatments, such as gene and drug therapies, that offer renewed hope for pets and their families. Your contributions make possible vital scientific breakthroughs. And you are literally helping to heal thousands of animals every year.

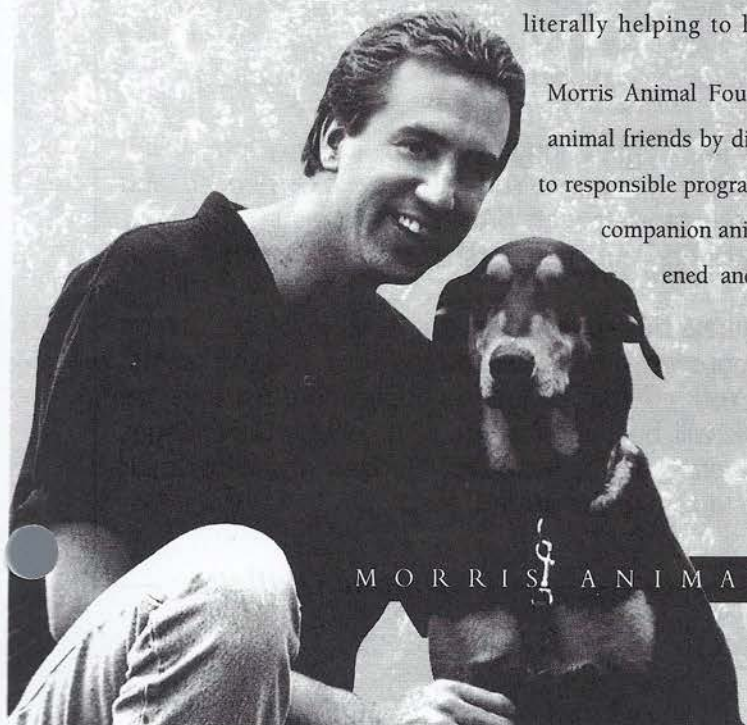

Morris Animal Foundation offers health and hope for our animal friends by directing 100 percent of your contributions to responsible programs that improve and lengthen the lives of companion animals and ensure survival for many threatened and endangered species around the world.

To learn more about  
Morris Animal Foundation  
or to make a  
tax-deductible donation,

### **UPDATE:**

The most frequently missed question on the NAHRA Judge's Test is...  
# 58 - "A dog unwilling to release a bird to a handler shall be eliminated immediately."

(Think about this, and the stake you are judging.)

The following pledge is being added to the *Judge's List* book:

### *To be a NAHRA Judge is both an honor and a privilege.*

- Judges accept the responsibility to represent NAHRA in an honest, fair and courteous manner. Judges have the opportunity and duty to uphold the ideals of NAHRA and what the program stands for.
- Judges should have an attitude that gives and demands respect.
- A judging assignment is very important because we are passing judgement on our members' dogs in accordance with the General Procedures, Regulations and Field Procedures and Judging Guidelines for NAHRA.
- We need to select judges that are experienced and unbiased, for by their verdicts, they are in control of our future breeding stock of hunting retrievers.
- NAHRA judges must be members in good standing and current with their membership dues. The NAHRA judge book is published twice a year and distributed to NAHRA member clubs.
- Judges who are not current with their dues, will not be included in the book and will be required to reapply to become a judge and take another judges test.

Have you ever thought about becoming a judge? The first thing to realize is that judging is not for everyone. Be honest and ask yourself..."*Do I have the time and can I be committed? Do I have the patience, understanding, and am I willing to work with my co-judge and the dog handlers? Am I thoroughly familiar with the rulebook?*"

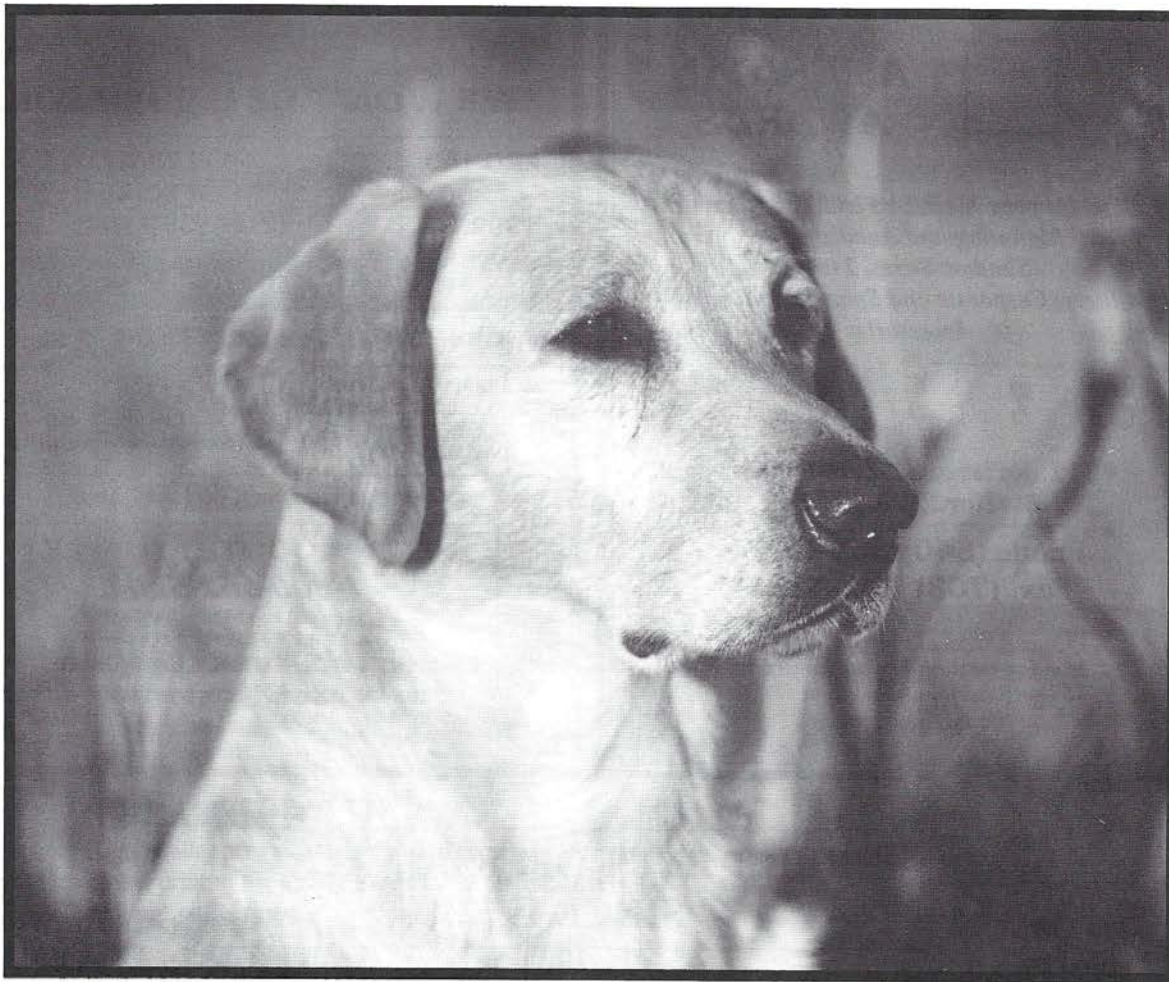

It is an honor and a privilege to be a NAHRA judge. As a judge you accept the responsibility to represent NAHRA in an honest, fair and courteous manner. You must be experienced and unbiased. Judges must be current members in good standing with NAHRA. (To insure that your membership doesn't lapse, check the expiration date on your membership card and send in your renewal at least 15 days before that date).

NAHRA rulebooks and judges tests are available by request from the NAHRA office. There is also a Judge's book, which contains a list of all approved NAHRA judges and their judging points, available for a fee of \$5.00 from the NAHRA office. Your completed judge's application/test must be submitted with a \$10.00 fee. The next judges' book will be published in July, 1999. Only judges who are current NAHRA members *at the time of printing* will be included. Judges who allow their membership to expire may be required to reapply and retake the judges' test.

FROM THE

# REGIONS

## FROM THE MIDWEST .....

YES!! The Midwest is having a Regional. Mistakes happen, somewhere along the line, NAHRA didn't get the word that the Midwest Regional will be held in conjunction with a double NAHRA licensed test on May 1st & 2nd, 1999, and being hosted by the Lake Country Retriever Club at Prior Lake, MN. Charlie Ratgen, (president of Lake Country) has handed the Field Test Chariman reins to Mark Madore, who has promised the same level of GREAT TIME that Lake Country is famous for! We will look forward to LEGIONS of help, realistic flyers, superior grounds, and - of course, the famous duck barbeque on Saturday night.

My article in the last issue of the NAHRA NEWS, somehow got compressed, and one of our new Region clubs in Minnesota got 'lost between the lines'. Here is an attempt to "fix" that omission!

The Golden Retriever Association of Middle America, (GRAMA), headed by Mike Carlier, is planning to host a licensed NAHRA test on the

weekend of June 12 & 13, at Kelly Farms near St. Croix, MN. The Region is thrilled to have this new group joining us, and are looking forward to this test! The Southern Minnesota Hunting Retriever Association (SMHRA) headed by Joe Newinski, is planning a test near Owatonna, MN on July 17-18. SMHRA is our newest club in the Region - and it's roster of members includes many of the backbone folks of the Region - so this test ought to be a good one!

To round out the Minnesota connection, we must mention the "not new but recently rejuvenated" club, the Minnesota Hunting Retriever Association (MHRA) which will again host a licensed test on July 10-11 on it's gorgeous private preserve near Hoffman, MN. Tim Springer will again be Field Test Chariman for that event.

We hope to see lots of you from other areas in the country at our Midwest Region tests!

Bonnie Moothart

### *from the NAHRA WEB master*

We've moved! NAHRA's new homepage address is <http://www.nahra.org/>. Please change your bookmarks and any NAHRA links you might have on your homepage. The NAHRA Hunt Test Schedule continues to be the most fluid item on the homepage and needs the most changes to keep up-to-date. NAHRA NEWS cannot include Test Schedule changes made during the 6-8 week publishing time before mailing. That's why you won't see any Test Schedule corrections that you have made during the 6-8 weeks before getting your NAHRA NEWS. Consequently, we've been relying more on the NAHRA homepage to complement the NAHRA NEWS for maintaining a current Field Test Schedule. Most Test Schedule changes will be entered on the homepage the same day as they are received! You can help keep the Field Test Schedule current by e-mailing your changes to either [webmaster@nahra.org](mailto:webmaster@nahra.org) or [Nancy@nahra.org](mailto:Nancy@nahra.org). Include the field test secretary's email address and fax if you like. Phone calls are fine too - especially if you are not on the web. Call Nancy at the NAHRA office at (540)286-0625 or fax (540) 286-0629.

Clubs; If you have a club homepage, we'd like to link to it on the NAHRA homepage. Please email your club's homepage URL to [webmaster@nahra.org](mailto:webmaster@nahra.org)

### **NAHRA NEWS DEADLINE SCHEDULE**

*In an effort to keep the NAHRA NEWS on schedule, preset deadline dates will be as follows. Plan for them, get your ads prepared, your articles written and sent in by the deadline for the issue you want to be published in. If you feel your article may need some editing, please send it in extra early to give the editor time to work on it, and get a copy of the edited article back to you, before the NEWS goes to print. Ads need to be the appropriate size and submitted with payment. (please see page 3 for ad sizes and rates).*

1st Quarter - January 29, 1999  
2nd Quarter - April 23, 1999  
3rd Quarter - July 9, 1999  
4th Quarter - September 24, 1999

**Remember, without your ads and articles, there would be no NEWS!**

*What is a NAHRA sponsor? A NAHRA sponsor is an individual that believes in the NAHRA program, and has the desire and means to support the organization, beyond the usual membership consideration. A tre-bark® camouflage jacket, and a sponsor patch is given as a thank you to all first-time sponsors. Sponsorships are considered a type of membership, and can be renewed each year. If you would like to become a NAHRA sponsor, simply check the 'sponsor' box on your membership renewal card, and indicate, what size jacket you would need.*

*Thank you to all the current NAHRA sponsors for your support.*

- ♦ AKC/NAHRA Hunt Test Schedule, including 1999 NAHRA Invitational

*"because there's more to training Retrievers than just throwing marks."*

FROM THE

## REGIONS

### *News from the Northeast Region*

The Northeast Region has some exciting news! The 1999 Northeast Regional Field Test will be held on April 17, 1999 and will be hosted by the Hudson Highlands Hunting Retriever Association. At the Regional, qualified *started* and *intermediate* dogs and handlers will be invited to challenge the NAHRA standard more time, and those qualifying will become members of the NAHRA Hunting Retriever Team.

This year, the NE Region has been granted permission from NAHRA to include *senior* dogs at our Regional Field Test. We will invite qualified *senior* dogs with 100 points earned in 1998, within the Northeast. We will recognize their accomplishments as we do for the *started* and *intermediate* dogs and handlers. The *senior* dogs qualifying at the Regional will be awarded the red, white and blue Northeast Regional rosette, the NAHRA camo rosette and points toward the qualifying year. The Northeast club representatives and I look forward to the *senior* handlers participating in our Regional event. It gives us an opportunity to bring all three categories together, and

Sal Garafalo, Tom Defusco, Rose Bodine, Sue Stephens and Kim Mandarino at the Barnegat Bay Decoy Show.

recognize the accomplishments of all NE region members and dogs. It is our hope that this will become a policy for all future Regional events. Watch for your invitations.

What is the *one* thing NAHRA needs to grow and prosper? Members! We do a lot in the Northeast Region to promote NAHRA and our individual clubs. The Navesink River Hunting Retriever Club promotes the use of trained hunting retrievers, club membership, and NAHRA at the *Old Time Barnegat Bay Gunning and Decoy Show* each September.

At the show, NRHRC members attend the booth to answer questions and hand out club and NAHRA literature to many of the 40,000 visitors at the show. Club members also perform retriever demonstrations during the 2-day event.

Paul Young and Tony Schuko - showing off ribbons won at the Barnegat Bay Decoy show.

Paul Young and Tony Schuko, from the Yankee Waterfowl Retriever Club came to help, and assisted with the advanced retriever demonstrations. Paul and Tony entered a number of the competitions; gunning from a Barnegat Bay sneak box, duck calling, rowing a sneak box, and setting decoys. They won the *Great Barnegat Bay Team Waterfowling Competition!*

Paul Stuart from Lake Champlain Retriever Club reports that they promote their club and NAHRA by doing retriever demonstrations to 20,000 visitors at the *NE Sportsman's Yankee Classic* in St. Albans, Vermont each January.

Ted Givens of the Southwestern PA HRC reports that his club participates in the *Western PA Outdoor Show*, the

The showcase at the Library

*story continued on next page...*

*Twin Lakes Festival and the Wild Turkey Day Youth Foundation. One of these events draws about 150,000 visitors.*

Kim & Joe Mandarino of Navesink River HRC and Hudson Highlands Hunting Retriever Association, performed retriever demonstrations and handed out club and NAHRA literature at the new Orvis store Grand Opening Celebration.

Chris Atkinson, formerly of Waterfowl Improvement Association in NY, and now in the Southeastern PA HRC, has written articles for, and been featured in newspapers and magazines promoting NAHRA, hunting retrievers, and his club.

Another place to promote your club and NAHRA can be your local library. I had the opportunity to set up a display of Hunting Retriever books, NAHRA and club information. The future of our clubs and NAHRA is in our hands. Thank you to all, who volunteer their time to support the Northeast clubs and NAHRA.

*Sue Tassey Stephens  
Northeast Regional Liaison*

*Got an extra special field dog? Want to see him/her featured on the cover of the NAHRA NEWS? Submit a non-returnable photo, with a short caption explaining the photo. It could be on the next issue.*

Owner-handled at the First  
**War Eagle Retriever Club NAHRA Field Test**  
*Way to go, Clarke and Scout!!!*  
**Jack & Phyllis**

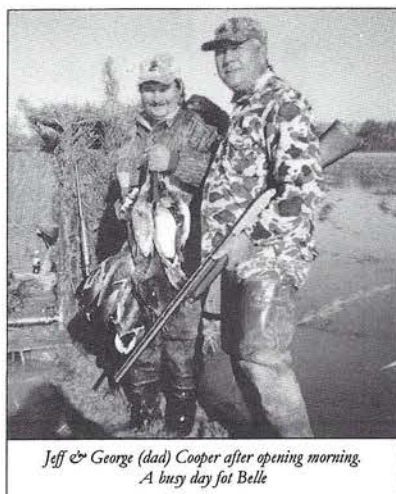

### NEWS FROM THE SOUTHEAST

*I have met many new friends during my association with NAHRA over the years. A couple of boys from Tennessee, my father and I have been doing some serious duck hunting in NE Arkansas. Opening week was spectacular, but the warm weather we experienced kept new birds from migrating until the end of the season. Needless to say, the season ended with a bang!*

*I am looking forward to the first Field test of the new NAHRA club, War Eagle Hunting Retrievers, in Alabama. I am also working hard with the Alcovy River HRC, outside of Atlanta, and need all the help I can get. If you are interested in participating, please give me a call. We have two other organizations competing for grounds and manpower. I personally support the NAHRA concept because it represents the views of the hunter, and in my opinion, is the best game in town*

*I would like to welcome Jim Vandergiesen, from Virginia Beach, Virginia, as the new NAHRA liaison for the southeast region. Jim has accepted the role as liaison and forming a southeast regional committee to organize the region and plan for fall test dates.*

*Jeff Cooper  
President, Alcovy River HRA*

*Jeff & George (dad) Cooper after opening morning.  
A busy day for Belle*

*Jeff & George Cooper, Richard Massie & property owners,  
Scott & Tim Gibson.*

**Scout** is a very highly powered retriever with both style and drive. His pedigree reads like who's who of field goldens. Scout's abilities range from being a pin point to golden bullet that hits the water like a freight train. Scout is the kind of dog that makes you proud. OFA Excellent.

**Star** is a great little golden female, daddy's little girl at home, an incredibly quick dog in the field. She is a regular rocket ship on pheasants, she is running doubles and triples as well as some nice blind work. When not working, Star is a wonderful pet and a joy to have in the house as well. OFA excellent.

**Price \$750.00**

For those desiring the best in a field bred golden, we fully expect these puppies to be as good as they get.

WESTERN ARIZONA GUN DOGS

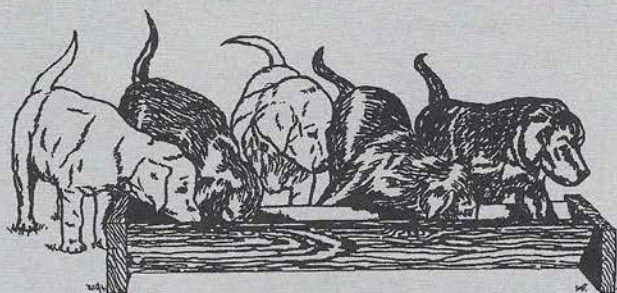

YUMA, ARIZONA

NOVEMBER 28-29, 1998

**STARTED I**

# SOUTHLAND KENNELS

DEDICATED TO PRESERVING THE HUNTING INSTINCTS  
AND ABILITIES OF THE LABRADOR RETRIEVER

## OUTSTANDING SPRING LITTER

*Reserve your pup now, and have a hunting companion this Fall!!!*

**SIRE: GMHR-WR Kingstons Zulu Raider** (GMHR-WR Southland Repeat Performance x FC-AFC M D Houston bitch) Black, OFA-Hips Excellent, OFA-Elbows, CERF

"Raider" is 95 lbs. of drive and desire. In addition to being a gundog he is a consistent competitor in NAHRA Senior field tests, qualifying 16 out of 17 events.

**DAM: Southland Sweet Virginia** (FC-AFC-MHR Westwind's Bold Tiger x GMHR Saratoga's Lady Gideon Putnam) Black, OFA-Hips Good, OFA-elbows, CERF

"Ginny" is a good-looking 70 lb. female. She is extremely well bred with 11 out of 14 field titled dogs in a three generation pedigree.

*PEDIGREE AND INFORMATION ON REQUEST*

## AT STUD

90 lb. CHOCOLATE  
with abundance of drive  
and desire, yet  
extremely mild-mannered

## GMHR SOUTHLAND LEROY BROWN

*Throws Black-Yellow-Chocolate*  
OFA Hips GOOD, OFA Elbows, 1999 CERF

FC-AFC-CFC TRIEVEN THUNDERHEAD  
FC-AFC-MHR WESTWIND'S BOLD TIGER

OFA-GOOD

DALES DOUBLE HOPE

FC-AFC RIVERBEND'S BOJANGLES

SOURDOUGH'S WEGY

OFA-EXCELLENT

HUNTER'S MARSH DANDEE-D

## Deep Run Farm

**GMHR Six O'Clock Scholar, MH 1,000 point dog**

After my yellow Field Champion Cock of the Walk ("Rooster") died at the age of 14, I never expected to have another dog as talented, devoted, and special as he was. It is common knowledge among dog people that you only get one of those in a lifetime.

"Tardy" has proven to be every bit as special and talented as Rooster was. He is my constant companion, and best friend. Always ready to train, regardless of how cold, or wet or how grueling the test may be, Tardy barges out of the truck, hops up in the air and says "Let me at it!" It is his attitude that make him unique. Everyday, in every way, he gives 110%, and is always ready for more. I am fortunate that he passes his talents and attitude onto his offspring, as he has proven in the many "Tardy" pups running Field events, and achieving titles. He has qualified in EVERY test in which he has run for the past two years, and he continually amazes me with his ability to run with such style, both on the way out and the way back, after sitting so quietly on the line. He is a hunting companion extraordinaire, finding birds other dogs pass over. He is as happy sitting in a swamp retrieving wood ducks as he is hunting pheasant and grouse.

My life has been better because of this superior animal, and we will be picking up many birds together in the years to come.

# Letters to NAHRA

Dear Jack,

Recently, GMHR WR Sunnyviews AK Black Sugar MH had a stroke and passed away.

Sugar accumulated 1000 points and qualified at four Invitational. She is an example of all the good things NAHRA has done in the retriever world.

Unfortunately, the last two years of her life, she could not be hunted. As you know, she was crippled because of a botched hip replacement. I had a number of great hunting seasons and trial seasons with her before her hip replacement surgery.

Many thanks to NAHRA for providing an arena for Sugar and I to play and meet many nice people.

Keep up the good work.

Sincerely,

Phillip Locker, DDS

Dear Jack,

NAHRA has been one of the most exciting sports I have ever been involved with, but my luck in the long run has not been. I owe a lot to Tom Stasierowski, who trained all three of my dogs. The first was Maggie, maybe you remember her. Maggie was a little tiny dog that everyone kept asking how old she was, because she looked like a puppy. Maggie was an MHR and my second dog, Gracie, made it to GMHR. I lost both dogs separately to untimely deaths. My third dog, Darby, earned her GMHR before she was three years old. I am hoping to get her bred and keep a puppy.

I have had three major back operations and hoping to be back at work soon. I don't mean to bore you with my problems, but I wanted to let someone know why I was not able to attend any events this year.

I did get a chance to duck hunt a little this season. Darby started off slow, but soon was doing multiple marks and blinds, like she used to. I owe it all to Tom and to NAHRA for giving me the opportunity to get out life, what every duck hunter should experience.

George Owens

Dear NAHRA,

Many of you who know Karen, Sascha, and myself have heard this story a million times or more, the message at the end may be worth hearing it once more.

In August of 1987, I attended a Ducks Unlimited banquet, auction, dinner, as well as, a NAHRA field test, tickets were compliments of my friend and hunting companion, Robbie Sutton. It was a nice event, and being an avid hunter and party-goer, it was fun for all. My wife Karen urged me to try and train my own lab to run in the field tests. Thinking she had gone nuts, I reluctantly agreed, afterwards, making the low toned comments about us having "meat dogs", and not needing such refined skills. After struggling and having very little improvement other than her learning to roll on dead birds, and not retrieving unless a stone or shell was thrown, we decided to get a new pup. We were now the proud owners of a chocolate female, named Callie, and a couple of Mr. Wolters books. Seven months later I called upon a man named Joe May, who helped me locate three pigeons, and gave me some words of encouragement. Thinking I was ready to devour the Field Test program, I entered an event in Kingsport, TN. Upon arrival, I checked in and was greeted by a man named Mr. David Foulk, and a smiling bearded fellow, named Creasy. Both said that if there was anything they could do, just let them know. Luck was with me (man, was I ignorant), I drew dog #1 in the running order. Being over-confident, I went straight to the line, and called for my bird. The call blew, the bird was thrown and the shot fired, I sent my dog. She blew by the mark, and it was at least five minutes before she returned. When she did return, I asked the judges if I was out. Their reply was, "Well, you ain't gonna get a ribbon, if that's what you mean". Feeling embarrassed, belittled, and ashamed, I was going home with my tail between my legs. On my way to the truck, Mr. Foulk stopped me, asked how I did, and encouraged me to try the Beginner Class. He informed me of the good it would do for both me, and my dog, we placed Third. Imagine that, a perfect stranger trying to make things a little better!

Since that time, I've met a lot of people trying to make things a little better or easier. I can't name them all because I'll surely leave someone out, but there's a lot of them out there, both amateur and professionals alike.

Two years later, with the help of many more friends, that dog that was gone for five minutes, qualified at the first Southeast Regional in Kingsport, TN. The Volunteer Retriever Club hosted the event with genuine southern hospitality. Since that time, I have participated and or judged other Southeast Regionals, Invitationals, as well as many events, however, the class and dedication provided by the Volunteer Retriever Club has been unparalleled. If you qualified for the 1999 Southeast Regional, attend it. I'm sure, Creasy, Foulk, and the rest of the Club will make things a little easier even though they are just "perfect" strangers.

## **NAHRA AT THE DENVER SPORTSMEN'S SHOW**

On January 20<sup>th</sup> through the 24<sup>th</sup>, 1999, the NAHRA clubs of Colorado, Mountain & Prairie Hunting Retriever Association of Denver and Muddy Hunters Retriever Association of Colorado Springs, got together to staff a booth and give dog demonstrations at *The Denver Sportsmen's Show* held at The Colorado Convention Center. Over the course of these five days, we were able to meet many hunters and retriever enthusiasts from all over the U.S. and Canada, who were looking for ways to improve their dog as a hunting companion and conservation tool. After five days, 13 dog demonstrations, hundreds of informational flyers given away, and thousands of discussions about training and the NAHRA program with those attending, we were able to show how significant a retriever club is, as a training resource, and how important the NAHRA Field Testing Program is as a means to evaluate your training for hunting.

As with any undertaking, we would have not been able to carry out this event without several people ensuring that everything was properly arranged. We owe a big thanks to David McLaughlin, who not only obtained the booth for us, but also had the difficult job of setting up staffing to ensure that the booth was adequately manned, and that we had enough dogs to do a proper demonstration. Dave also gave us numerous insights into sports shows, being it is his profession to produce these types of shows. We also used the expertise of Kim Henton, to assist us

in setting up our area in a manner that would reflect well not only on our individual clubs, but on NAHRA as well. The consensus was that we succeeded in this. Kim also produced the information flyers for Mountain & Prairie. For a group of people for whom, marketing strategy usually means decoy placement, their help was invaluable. Also deserving commendation were Muddy Hunter's past president, Mark Nordeen, and current president, Todd Stilwell, for their efforts in providing information on their club. We would also like to thank Hidden Pines Hunting Retriever Association of Cheyenne, Wyoming for supplying information pamphlets on their group as well.

We owe a lot of thanks to those who staffed the booth and provided their dogs for the demonstrations. MHRA president, Todd Stilwell, deserves a big thanks for making the trek from Colorado Springs to Denver, two days in a row. It was great to see folks from the south, and that they were able to talk with a club representative from their area. It was good for the club as well. Thanks to all that staffed the booth, we were all able to spend time speaking to visitors and see the show. MPHRA members who staffed the booth were: Joe Anderson, Jim Downing, John & Robin Edmonds, Adrian Farmer, Jeff & Kim Henton, Mike Kuetemann, David McLaughlin

and Job Roach.

Last but certainly not least, is the contribution that NAHRA made to helping us put this event on, as well as getting the word out about NAHRA. Nancy was always able to help us, no matter what our request was. We also owe a huge debt of gratitude to NAHRA board member, David Foulk, and Volunteer Retriever Club, Bill Creasy, for making the sacrifice to

*John Edmonds and "Casey"  
Mountain & Prairie Hunting Retriever Club*

attend the show and make NAHRA's presence known in this area. It was very good to see how much NAHRA does care about it's clubs and that they are interested in this area. We all often hear a lot of griping from some, when it comes to our organization, but from our standpoint, NAHRA has been a major help to our growth. We also owe International Liaison, Dianne Ouillette our appreciation for her input and advice.

As you read this article, you have seen a lot of thanks to a lot of people, and are probably wondering what this show did for us and for NAHRA. As with any exhibitor at one of these events, it will take us weeks and months to learn the results of our efforts. However, we have hundreds of retriever enthusiasts thinking about our clubs in Colorado and Wyoming, and will also be referring potential members to other clubs throughout the NAHRA family. There was quite a bit of interest in NAHRA, so much so, that we had to run to the copier to make more NAHRA flyers. There was a lot of interest in the NAHRA testing program from members of other organizations, and a strong possibility of the formation of several new NAHRA clubs. While time will tell, it appears that our efforts will be worth it, both short term and down the road. We urge those of you with opportunity to do a show such as this, to give it serious consideration. We are attempting to get our

*1999 Denver Sprotsmen's Show*

"show experts" to pass along their expertise in future articles.

At the same time, we have learned, we face an awesome responsibility, as clubs. There

*NAHRA Clubs of Colorado  
John Edmonds, Mike Kueteman, Todd Stilwell, Jeff Henton*

are too many good hunting retrievers out there who are not at their full potential, or have become a yard dog instead of a hunting dog. Because their owners have "hit a brick wall" in training, and no one, or no club was there to assist them through their problem. We must do a better job of ensuring that retriever owners are made aware of our clubs and the NAHRA program. We owe it to these dogs and their owners, we owe it as sports men and women, we owe it to those who helped us, and most of all we owe it to the legacy of Richard A. Wolters, and what he did to start us towards a better hunting dog, and what he did to keep us seeking improvement with the NAHRA program.

# JUDGE'S CLINIC

## ***Can a dog "switch" in a started stake?***

This is a question that may arise as a result of a poorly designed started test. Traditionally we only think of switching as going to the area of a fallen bird during a multiple marking test, then leaving and establishing a hunt in the area of another fall (rulebook section 24). Chapter III, Section 1, states that a *Started* Hunting Retriever Field Test shall consist of 5 single bird marking tests. Technically, it is impossible to switch on a single.

A dog that leaves the area of fallen bird or does not go directly to it may be suspect in the following areas; 1) the dog has failed to clearly prove he has marked the bird, 2) the dog is disturbing cover unnecessarily, 3) the dog lacks perseverance, 4) the dog may be exhibiting a lack of "nose", or scent ability. Before a decision is made to eliminate a dog we must be certain the fall was clearly visible and the dog was not distracted in any way. Both judges should discuss the situation and come to a conclusion.

Occasionally a Started test is set up where there is inadequate separation between the single marks of a series. In addition, there can be strong temptation to return to a previous fall by virtue of terrain, scent, wind, or excessive bird thrower activity.

When setting up a Started test, it is the judge's responsibility to consider the inexperience and impulsiveness of started dogs, coupled with a naïve handler. I always recommend doing started marks, especially landmarks, as a walking course, in which there are separate points of origins and distinct areas of fall for each of the marks.

I personally do not favor walkups for started dogs. Again, the inexperience of the dog and handler often make a walkup so

stressful that the dog cannot be judged fairly. Started dogs are so easily distracted by all kinds of things. They deserve the best possible opportunity to get settled at the point of origin, hear a call, to look out and see a well defined arc of a thrown or shot bird, getting a shot at the top of the arc.

Additionally, it is important to mark the point of origin for the handler (I recommend flagging or spray paint on some part of the natural growth). Likewise, some flagging where the fall should land is useful both in helping the handler orient himself and the dog toward the fall, and quickly determining a "no bird". It is my opinion that if the dog is sitting quietly at the point of origin, but obviously does not see a fall, he should be given a rerun. This is a marking test. The dog should have an opportunity to mark. If the dog, however, is wild and jumping around at the point of origin, not because of distraction, but due to lack of discipline, I am less sympathetic.

We often find the least experienced help at the started stake, as well as, inconsistent throws, inadequate calls, poorly timed shots. I would encourage all clubs to invest in gun holders and various mechanical throwers (wingers, strong-arm launchers) to improve the quality of Started tests. The Started stake is often the first look many people get at our testing program. It should represent the *BEST* we have to offer, not what is left after all the other stakes are manned.

In summary, a Started dog that goes to the area of the fall, establishes a hunt then leaves that area to return to an area of a previous fall, can be eliminated. Hopefully, however, a well-conceived and properly conducted stake will preclude this happening.
