

## Regional Process for Invitational Judge Nomination

When requested by the Invitational Committee (IC) each Regional Director shall gather nominations from each club in their Region. The nominations shall be from a list of qualified candidates supplied by the NAHRA office. Each club can submit up to two judges from that list. Nominees can be from any region. The nominations need to include a written justification document of why that judge was chosen.

The Region Director then selects up to a total of 2 judges from those submitted by their clubs and sends their names and supporting documents to the IC as that Region's nomination.
