

## Policy For the Use of Photography Equipment

The intent of this Policy is to ensure that a working retriever, under judgement, is not interfered with by actions not part of their evaluation.

Photography Equipment (camera, video recorder) is not to be used by anyone at the Point of Origin. Aerial Drones are not allowed on Field Test Grounds during testing.

The Field Test Chairman can, with Judges Approval, designate a location where pictures and videos can be taken. Under no circumstances will this location be placed within the dogs working area.
